Gauge
17 stitches and 9½ rows to 4 in (10 cm)
In leaf vine filet, measured over open squares, as in the test piece.

You will need

Yarn: soft white, fine (2) **about 1,175 yd (1,074 m), an estimate**

Hook: 4 mm (US G-6), or the size that gives you the gauge. Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece with its border. The swatch is all open squares; the filled squares and the solid border take more yarn. So add one third of that figure for them, and then a tenth of the sum, so that you do not run short. The estimate printed above counts the filled squares and the border.

Gauge

17 stitches and 9½ rows to 4 in (10 cm) in leaf vine filet, measured over open squares, as in the test piece. Along a row, count every stitch and every chain between stitches as one.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

The pattern also stops you to measure after row 7.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 6¼ in (16 cm) wide and 6¼ in (16 cm) tall, so that you can count over 4 in (10 cm) in the middle of it.

>
> **Swatch rows 2 to 15** — Ch 4 (counts as dc and ch-1 sp), turn; sk next ch-1 sp, **[**dc in next st, ch 1, sk next ch-1 sp**] 12 times**, dc in 3rd ch of turning ch **(14 dc, 13 ch-1 sps)**

For another width, add 32 chains for each vine more, or take away 32 chains for each vine less. Row 1 has no vine in it: work its brackets 16 times more for each vine more, or 16 times fewer for each vine less. In every row from row 2 to the last row, the outer brackets hold a whole vine and are worked once for each vine (4 times in the standard size, 5 times in the large size): work them one time more for each vine more, or one time fewer for each vine less. Where those brackets hold brackets of their own, work these inner ones as many times as printed, and everything else as printed too. In the border, the stitches along the top and along the bottom are then 32 more or 32 fewer in rnds 1 to 4, and the brackets of rnd 5 are worked 4 times more or 4 times fewer along each of these two edges. The totals printed after the rows and rounds differ accordingly. For another length see the notes for a longer and a shorter blanket under Before you start. Measure your own gauge first.

Before you start

- The ch 4 at the start of a row counts as a dc and a ch-1 sp. It stands on the first st of the row below; the next st is the second. The last dc of the next row is worked into the 3rd of those 4 chains. In row 2 the last dc goes into the 2nd ch from the hook end of the 5 skipped chs: the one nearest the hook is the space, the next 3 are the dc, the last is left unworked.
- The ch 1 at the start of a row does not count as a stitch: the first stitch of the row goes into the first st of the row below.

- Row 1 is the right side.
- Several of one stitch named together ("3 sc in first st") are all worked into that one place.
- An open square is a dc, a ch 1 and a dc; a filled square has a dc in place of the ch 1. Neighboring squares share a dc. A dc over an open square goes around its ch, into the ch-1 sp; every other dc goes into the top of a dc.
- For a baby it is a blanket for awake and watched hours, and for christenings and visits.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.
- The border is worked in rounds with the right side facing. Rnd 1 begins in the st just joined, which it calls "first st", goes along the last row to the other end, which it calls "last st", then down the left side, along the foundation edge and up the right side.
- Along the foundation edge the first ch is the one under the last dc of row 1. From there every ch counts, both those that row 1 works into and the single ones it skips between two dc. Of the 5 chs skipped at the start of row 1, the first one made counts as well, because it lies between two dc, and so does the next one, the lowest of the 3 chs that stand as the first dc: that is the last ch of the edge. The other 3 chs are not counted.
- The chain at the start of a round does not count as a stitch. After rnd 1, the first stitch of a round goes into the stitch that the slip stitch joined: that stitch is the first of the next stitches.
- Rnd 5 is the round of shells. Its first sc goes into the stitch that the slip stitch joined, and a shell of 9 dc goes into each corner stitch, the middle one of the 3 stitches that rnd 4 has in one place at the corner. Every sc between two shells goes into the 4th stitch after the stitch that holds the shell before it.
- For a longer blanket: rows 17 to 28 are one whole repeat of 12 rows. Work to the end of row 28, work rows 17 to 28 once more, then go on with row 29 and work on as printed to the end of row 90. That makes 102 rows in all; the blanket is about 45½ in (116 cm) from bottom to top with its border and takes about 150 yd (137 m) more yarn. The border then changes only along the two edges that are made of row ends: the left side, which comes first, and the right side, which comes last. In rnd 1 each of these two edges has: [2 sc in end of each of next 4 rows, sc in end of next row] 20 times, 2 sc in end of next row, sc in end of next row (183 sc). In rnd 2 the left side has hdc in next 185 sts and the right side has hdc in next 184 sts; in rnd 3 the left side has hdc in next 187 sts and the right side has hdc in next 185 sts; in rnd 4 the left side has sc in next 189 sts and the right side has sc in next 186 sts. In rnd 5 the group in brackets is worked 23 times along each of these two edges. The totals printed after the rounds of the border differ accordingly.
- For a shorter blanket: leave rows 17 to 28 out. Work to the end of row 16, then go on with row 29 and work on as printed to the end of row 90. That makes 78 rows in all; the blanket is about 35¼ in (90 cm) from bottom to top with its border and takes about 150 yd (137 m) less yarn. The border then changes only along the two edges that are made of row ends: the left side, which comes first, and the right side, which comes last. In rnd 1 each of these two edges has: [2 sc in end of each of next 5 rows, sc in end of next row] 13 times (143 sc). In rnd 2 the left side has hdc in next 145 sts and the right side has hdc in next 144 sts; in rnd 3 the left side has hdc in next 147 sts and the right side has hdc in next 145 sts; in rnd 4 the left side has sc in next 149 sts and the right side has sc in next 146 sts. In rnd 5 the group in brackets is worked 18 times along each of these two edges. The totals printed after the rounds of the border differ accordingly.

Instructions

Chosen: Standard. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble and dc is treble.
