Gauge

13 stitches and 10 rounds to 4 in (10 cm) in half double crochet.

The gauge is measured on the hat itself, at the two places the rounds name: across the crown, which checks the height of the rounds, and round the outside of the hat with a soft tape, along the round just worked, which checks the stitches and so the size round. If the hat measures more round than its round says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than it says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, it will come out shallower. The depths below are worked out from the rounds: to 4 in (10 cm) go 14 rounds of single crochet or 10 rounds of half double crochet or 10 rounds of single and double crochet turn about. A round of single and double crochet turn about is counted here like a round of half double crochet, 10 to 4 in (10 cm), not as the mean of its two stitches: each short stitch holds down the tall ones beside it. If yours come out taller, the hat is a little deeper than stated.

The pattern also stops you to measure after round 8.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 12, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 21 in (53 cm) round.

Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears, and choose the size whose head measurement is nearest. Each size is made about 1 in (2.5 cm) smaller round than the head it is for, as nearly as whole repeats of its stitches allow, so that it stays on.
- The pattern is written in United States terms; the United Kingdom term stands beside each stitch in the list of abbreviations.
- The hat begins with a magic ring: wrap the yarn once round two fingers, leaving a tail of 6 in (15 cm), and with the hook draw a loop of the working yarn up through the ring. Keep that loop on the hook and make the chain that round 1 begins with; where round 1 names no chain, make 1 chain to hold the loop, and do not count it. Work the stitches of round 1 into the ring, over the tail too, then pull the tail until the ring is closed.
- The right side of the hat faces you in every round; the rounds are never turned.
- A joined round begins with a chain that does not count as a stitch and ends with a slip stitch in its first stitch. Unless the line says otherwise, the first stitch of the next round goes into the same place as that slip stitch.
- The rounds of the hat that do not end with a join are worked in a spiral: do not join; put a marker in the first stitch of each round and move it up every round.

- To change yarn at the start of a round, finish the last stitch, or where the round is joined its joining slip stitch, of the round before with the new yarn. Where a yarn rests for 4 rounds or fewer before it is used again, carry it up the inside; where it rests for more, or is not used again, cut it, leaving a tail of 6 in (15 cm).
- Back loop only: of the two loops at the top of a stitch work under the one that lies farther from you as you work.
- The number at the end of each line is the number of stitches it has when it is finished; chains and slip stitches that are not named there are not counted.
- Woman: for a head of 22 in (56 cm). The finished hat is about 21 in (53 cm) round and about 10½ in (27 cm) deep.

Instructions

Chosen: Woman, head 22 in (56 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble and dc is treble.

Yarns in order of use: A, mustard; B, navy.

☐ **Rnd 10**	Ch 1, **[**sc in next st, dc in next st**] 34 times**, sl st in first sc to join	**(34 sc, 34 dc)**
☐ **Rnd 11**	Ch 3, **[**dc in next st, sc in next st**] 34 times**, sl st in first dc to join	**(34 dc, 34 sc)**
☐ **Rnds 12 to 22**	Repeat rnds 10 and 11 in turn: every even-numbered rnd is worked as rnd 10, every odd-numbered rnd as rnd 11.	

A box for each round, 12 to 22: tick them off as you go. The heavy box is where you stop and measure.

12 13 14 15 16 17 18 19 20 21 22

Stop and measure when you have worked round 12. After round 12, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 21 in (53 cm) round.

Band
