Gauge

13 stitches and 7½ rows to 4 in (10 cm) in V-stitch.

To check yours in the middle of the test piece: four repeats of the bracketed group side by side (12 foundation chains' worth) are about 3¾ in (9.5 cm) wide, and 8 rows are about 4¼ in (11 cm) tall. Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Lay it flat and measure in its middle.

Instructions

Standard. US terms.

ch chain, **dc** double crochet (UK tr), **tr** treble crochet (UK dtr), **sk** skip, **st** stitch.

ch-1 sp: the hole under the chain. The hook goes in the hole, never into a chain.

The ch 3 is the first dc: skip the first stitch; the last dc goes in the **top of the 3 chains**.

[ ] 20 times: 20 times in all. ( ) in one place: all of it there. (2 dc, 21 V-sts): the row now has that many; a check, not a step.

Also: sp space.

Every stitch, drawn: flossfield.com/crochet/stitches.

Special stitches

V-st (V-stitch): (dc, ch 1, dc) in the same st or sp. In UK terms: (tr, ch 1, tr).

The 124 rows below make this size. For another length, work fewer or more rows in the same order.

Check your width as you go: when row 6 is done, measure the width, across the middle of the rows and not along the chain edge. It is about 20 in (51 cm). If it is wider, start again with a smaller hook; if it is narrower, with a larger one. If only the chain edge is tight, make the chain with a larger hook.

☐ **Start**	Make a slip knot. Ch 67.	
☐ **Row 1**	V-st in 5th ch from hook (skipped chs count as dc), **[**sk next 2 chs, V-st in next ch**] 20 times**, sk next ch, dc in next ch	(2 dc, 21 V-sts)
☐ **Rows 2 to 124**	Ch 3 (counts as dc), turn; **[**V-st in next ch-1 sp**] 21 times**, sk next st, dc in top of turning ch	(2 dc, 21 V-sts)

Putting it together

Fringe: cut 132 lengths of A, each about 12 in (30 cm) long. For each knot fold three lengths in half together, pull the fold through the edge with the hook, pull the ends through the fold and draw it tight. Make 22 knots along each short end, evenly spread: one at each corner and the others a little under 1 in (2.5 cm) apart. Trim the ends level, about 5 in (13 cm) long.

Finishing

- Weave in the ends with the yarn needle, changing direction once or twice.

In all: 124 rows.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 15 percent added.

Notes

- The ch 3 at the start of a row counts as a dc. The last stitch of the next row is worked into the top of it. In row 1 the 3 chains nearest the hook stand for that first dc and the last chain you made is its top; the fourth skipped chain is only passed over. The last dc of row 2 goes into that top.
- Row 1 is the right side.
- A stitch worked into a chain space passes over any stitches that lie before the space; they are left unworked.
- Stitches in parentheses are all worked into the one place named after them.
- Here a V-stitch is two double crochets with one chain between them, and each V is worked into the chain space of the V below. Some patterns use the name for two double crochets with no chain, worked between the pair below.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others.
- For another width, add or take away 3 chains at a time: each 3 chains adds one more repeat of each bracketed group. Measure your own gauge first.
- The finished sizes are given without the fringe.
- Buy whole balls from one dye lot.
- One yarn is used throughout: a variegated, self-striping or cake yarn of the same weight and length can take its place, and its colors fall where the yarn has them.
