What you need

Yarn A: forest green	**about 650 yd (594 m), an estimate**
Yarn B: leaf green, stripes	**about 110 yd (101 m), an estimate**
Yarn C: bark brown, stripes, hood edging and tassel	**about 145 yd (133 m), an estimate**

By weight: about 450 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 5.5 mm (US I-9). Also: yarn needle, scissors, tape measure, a wooden button about 1 1/8 in (3 cm) across, a piece of card 4½ in (11.5 cm) long and pins.

Before you start

- To change color, work the last stitch of the old color until two loops are left on the hook and draw the new color through them. Cut the old color, leaving a tail of about 6 in (15 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.

Gauge

13 stitches and 7 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 6 the top edge, laid flat and measured straight across from tip to tip, is about 9¾ in (24.5 cm). If yours is smaller, use a larger hook; if it is larger, use a smaller one.

Each size in the list is printed in full when it is chosen, shawl and hood. For another size of shawl than these, work an even number of rows of yarn A more or fewer before the first row of yarn B, and then the stripes and the rows after them in the same order as printed. Every row has 4 more dc than the row before it in each of its two long runs, so 8 more dc in all; after the last printed row go on in the same way. Two rows add about 3¼ in (8 cm) to the top edge and about 1 5/8 in (4 cm) to the depth. The hood, its edging and the rows it is sewn to (rows 1 to 12) stay as printed, and so do the places of the button and the loop.

Instructions

Women, S to L. US terms.

ch chain, **dc** double crochet (UK tr), **sl st** slip stitch, **sc** single crochet (UK dc), **st** stitch.
2 dc in same st: **both in one stitch**. Dc in next 2 sts: one in each. **ch-2 sp**: the hole under two chains. The hook goes in the hole, never into a chain.
The ch 3 is the first dc: skip the first stitch; the last dc goes in the **top of the 3 chains**.
( ) in one place: all of it there. (6 dc, 1 ch-2 sp): the row now has that many; a check, not a step.
Also: RS right side, WS wrong side, sp space.

Hood edging

Yarn C, bark brown.

☐ **Start**	The brim edge of the hood: 96 sts across, with the right side facing you, as the paragraph that begins "The hood edging" tells.	
☐ **Row 1 (RS)**	Join C with sl st in first st, ch 1, sc in first st, sc in next 94 sts, sc in last st	(96 sc)
☐ **Row 2 (WS)**	Ch 1, turn; sc in first st, sc in next 94 sts, sc in last st	(96 sc)
☐	Fasten off.	

Assembly

1. Hood seam: fold the hood in half with its right sides together, so that the two ends of its last row (row 24) meet; the fold is the back of the hood. Thread a piece of yarn A about 38 in (96.5 cm) long and sew the last row together with whip stitch, stitch to stitch, 32 stitches of one half to 32 of the other, from the two ends (at the brim edge) to the fold. The turning ch counts as a stitch. Fasten off and turn the hood right side out: the corner at the fold is the tip.

2. Hood to shawl: along the foundation edge of the hood count the stitches of its row 1, 64 in all; the skipped chs stand for the first of them. Pin the middle, between the 32nd and the 33rd stitch, to the ring of the shawl, right sides together, and pin each end to the top edge of the shawl at the end of row 12, one on each half. The edging is not sewn: it stands free at each end. The hood takes up the ends of rows 1 to 12 on both sides of the ring. Thread a

piece of yarn A about 68 in (172.5 cm) long and sew from one end to the other with whip stitch, through the chains under the stitches of the hood and round the edge stitches of the shawl, 8 stitches of the hood to every 3 row ends. On the first half: stitches 1 to 8 to rows 12, 11 and 10, then stitches 9 to 16 to rows 9, 8 and 7, then stitches 17 to 24 to rows 6, 5 and 4, then stitches 25 to 32 to rows 3, 2 and 1. On the second half go the opposite way, from row 1 out to row 12.

3. Button: sew it to the top edge of the left front (as you wear it), on the right side, at the end of row 13, just below the corner of the hood, with a piece of yarn C. Loop: on the right front, join yarn C with a slip stitch in the end of row 13, chain 8, slip stitch in the same place and fasten off. Try the loop over the button; if it is too small or too large, work it again with a chain more or a chain fewer.

4. Tassel: make one of yarn C, about 4½ in (11.5 cm) long. Wind the yarn 30 times round a piece of card 4½ in (11.5 cm) long, pass a 12 in (30.5 cm) piece of yarn C under the loops at one end of the card and tie it tightly, leaving its ends long. Cut the loops at the other end. Wind another 12 in (30.5 cm) piece of yarn C tightly round the tassel about ¾ in (2 cm) below the tie, knot it and hide its ends inside. Sew the tassel to the tip of the hood with its two long ends.

Finishing

- Weave in the ends.

In all: 3 pieces; 6,420 stitches (4,692 in the shawl, 1,536 in the hood, 192 in the hood edging).

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Notes

- Whip stitch: put the needle through both edges, draw the yarn through, carry it over the edge and put the needle through both again from the same side, a little farther on.
- A stitch in the end of a row goes round the edge stitch or the turning ch of that row.
- In row 2 of the shawl the last stitches go into the top of the ch 3 that row 1 began with. In row 2 of the hood there is no such ch 3: there the turning ch is the skipped chs at the start of row 1, and its top is the chain that was next to the hook.
- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- A ch 1 at the start of a row does not count as a stitch.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch.
- Stitches in round brackets with a place after them, or several of one stitch with one place after them, are all worked into that one place. The brackets at the end of a row hold its count.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- Buy whole balls from one dye lot.
- About 55 in (139.5 cm) across the top edge and 27½ in (70 cm) deep.
- 34 rows in the shawl. Yarn B: rows 24, 28 and 29. Yarn C: rows 26, 31 and 32. Yarn A: all the other rows.
- The hood is about 9¾ in (25 cm) from the brim edge (the edge round the face: the two ends of its rows) to the fold at the back, and about 13¾ in (35 cm) high, without the edging. In its 24 rows, rows 4 and 5 are in yarn C, rows 7 and 8 are in yarn B and all the others are in yarn A.
- Work the shawl and the hood, sew the hood seam (the first paragraph of PUTTING IT TOGETHER), and then work the hood edging round the brim edge.
- The hood edging: hold the hood right side out, its tip at the top and its fold facing you. Begin at the lower corner of the brim edge that is on your right, at the end of row 1, and work up that side, over the seam and down the other side. The 96 sts of the edge are 2 in the end of each of the 24 rows, from row 1 up to row 24, and then 2 in the end of each of the 24 rows of the other side, from row 24 down to row 1.
