Before you start

- Each mitten is worked from the cuff to the tip in one spiral: the first sc goes into the ch that holds the sl st, and the rounds are not joined. Put a marker in the first stitch of each round and move it up every round.
- The right side faces you in every round.
- To change color, work the last stitch before the change until its last loops are on the hook, then draw the new color through them. A color that rests for 4 rounds or fewer can wait on the inside and be drawn up again; cut one that rests longer, leaving a tail of 6 in (15 cm).
- The figures in brackets at the end of a line are the stitches it has.

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch and sc is double crochet.
