Modern color block blanket

Throw · US terms

Finished size
About 49½ × 60½ in (126 × 154 cm)
With its border. The panel alone: about 43¼ × 54¼ in (110 × 138 cm)

Skill
Easy
Blocks of color in a row, ribs in the back loop, a border

Yarn
Bulky (5), 5 colors

Hook
8 mm (US L-11)

Gauge
10 stitches and 11½ rows to 4 in (10 cm)
In single crochet.

You will need

Yarn A: cream, contrast	**about 475 yd (434 m), an estimate**
Yarn B: rust, contrast	**about 375 yd (343 m), an estimate**
Yarn C: mustard, contrast	**about 325 yd (297 m), an estimate**
Yarn D: blush, contrast	**about 475 yd (434 m), an estimate**
Yarn E: charcoal, main	**about 650 yd (594 m), an estimate**

Hook: 8 mm (US L-11), or the size that gives you the gauge. Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch, pull it out and measure the yarn it took, tails and all. At the gauge of this pattern that is about 23 yd (21 m), by the same reckoning as the estimates and with nothing added. If yours took more, divide your yards by 23 (or your meters by 21) and multiply every estimate above by the answer; the 30 percent stays in it. That keeps the border and the tails in each color's amount, which a reckoning by area would not.

Sizes

Size	Finished size, about	Yarn, an estimate
Lap	40¾ × 50¾ in (104 × 129 cm)	about 1,600 yd (1,463 m)
Throw (this file)	**49½ × 60½ in (126 × 154 cm)**	**about 2,300 yd (2,103 m)**

Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

ch	chain stitch
sl st	slip stitch (UK ss, slip stitch)
sc	single crochet (UK dc, double crochet)
BLO	back loop only
rnd	round
RS	right side
sk	skip (UK miss)
st	stitch

Gauge

10 stitches and 11½ rows to 4 in (10 cm) in single crochet. Along a row, count every stitch and every chain between stitches as one.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

To count your gauge in the middle of the test piece: there are no chains between the stitches here, so count the stitches alone: 10 stitches side by side are about 4 in (10 cm) wide, and 12 rows are about 4.2 in (10.6 cm) tall.

The pattern also stops you to measure after row 9.

The swatch. A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 6 in (15 cm) wide and 6¼ in (16 cm) tall, so that you can count over 4 in (10 cm) in the middle of it.

Swatch foundation	With A, ch 16.	
Swatch row 1 (RS)	Sc in 2nd ch from hook and in each ch across	**(15 sc)**
Swatch rows 2 to 18	Ch 1, turn; sc in each st across	**(15 sc)**

The blocks have no repeat, but the two sides and the two ends can be made larger. Measure your own gauge first. Wider: choose how many stitches to add at each side edge, the same number at both, and begin with twice that many chains more. In every row each color except E then has that many stitches more: every row has one such color at the right edge and one at the left. E is never at an edge of the rows and stays as it is. (Adding 5 at each side means 10 more chains and 10 more stitches in every row.) In the border the stitches along the last row and the stitches along the foundation edge are each twice that many more in every round: from rnd 2 on they are the two equal large numbers. The other two large numbers, for the sides, stay. Longer: add 12 rows at a time, 6 at each end, so that every later row still begins at the edge it is written for. Work 6 rows more just before the first row that names E, by the two rows before it in turn, and 6 rows more after the last row, by the last two rows in turn. Where the border names the last row it means your own last row. In rnd 1 of the border every 12 rows are 2 more repeats of the brackets on each side, and in rnds 2 to 9 they are 10 more stitches on each side. The counts at the ends of the rows and rounds grow by what you have added, and a larger blanket takes more yarn than the estimates above.

Before you start

- The ch 1 at the start of a row does not count as a stitch: the first stitch of the row goes into the first st of the row below.
- Row 1 is the right side.
- Every block has a ball of its own. At the line between two blocks change yarn in the last yarn over of the last stitch before the new color (also at the end of a row when the next row begins with another yarn), let the old yarn drop on the wrong side of the blanket and take up the new one from under it, so that the two cross and leave no gap. In even-numbered rows the wrong side faces you: bring the old yarn to the front, toward you, before you take up the new one. In the next row the yarn you need hangs at that line. No yarn is carried along behind another block.

- Join a yarn where a row first names it; D, which begins a row, is joined in the last yarn over of the row before. Do not cut a yarn before the last row of its block is done; then cut it, leaving a tail of about 6 in (15 cm).
- Several of one stitch named together ("3 sc in first st") are all worked into that one place.
- The back loop is the loop of the stitch that is farther from you as you work.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. A ball may run out before its block is done. Then begin the next ball of that color at the line between two blocks, where you would take up the old one: in the last yarn over of the stitch before that color, take the new ball instead. With E, which is never at the end of a row, the line at either side of its block will do; A, B, C and D may also change at the side edge of the blanket, in the last yarn over of a row that ends in that color. In the border begin a new ball of E in the last yarn over of any stitch that is not at a corner. Leave the same tails at the old yarn and the new one: each new ball adds two ends to the number given below.
- The border is worked in rounds with the right side facing. Rnd 1 begins in the st just joined, which it calls "first st", goes along the last row to the other end, which it calls "last st", then down the left side, along the foundation edge and up the right side.
- Along the foundation edge the ch skipped at the start of row 1 is not counted: the last ch is the one under the first stitch of row 1.
- The chain at the start of a round does not count as a stitch. After rnd 1, the first stitch of a round goes into the stitch that the slip stitch joined: that stitch is the first of the next stitches.
- Buy whole balls from one dye lot.

Instructions

Chosen: Throw. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch and sc is double crochet.
