Gauge

24 stitches and 26.4 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 1 7/8 in (4.8 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With E," (or another letter), work the last pull-through of the round before it in E. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Stick head: the center line runs between stitches 9 and 10 of round 8 (18 sts). It faces the front, round 1 at the top.
- Head: the center line runs between stitches 24 and 25 of round 10 (48 sts). It faces the front, round 1 at the top.
- Hat: the center line runs between stitches 24 and 25 of round 8 (48 sts). It faces the front, round 1 at the back.
- Right and left are as you look at the front of the doll. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in F (dark brown).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 29.7 rounds to 4 in (10 cm): about 6¾ in (17 cm) tall, sitting, to the top of the hat, and 6½ in (16.5 cm) across the two bells of the hat; eyes 7 mm; multiply lengths by 0.89; about 0.89 times the yarn.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Large: medium (4, worsted) yarn, 3.5 mm (E-4) hook, 20 sc and 22 rounds to 4 in (10 cm): about 9 in (23 cm) tall, sitting, to the top of the hat, and 8¾ in (22 cm) across the two bells of the hat; eyes 10 mm; multiply lengths by 1.2; about 1.2 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 16¼ in (41.5 cm) tall, sitting, to the top of the hat, and 15¾ in (40 cm) across the two bells of the hat; eyes 17 mm; multiply lengths by 2.2; about 2.2 times the yarn.

Assembly

Hat: 10 plum horn, 11 teal horn, 12 gold horn

Head: 14 nose, a eyes, b cheeks

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Body: hold the plum half at the right and the teal half at the left, right sides out, foundation chains down, so that their side edges meet in front and at the back. Sew the two side edges in front together, row to row, from the neck edge down to the foundation chains, with the tail of the teal half: this is the front seam. Sew the two side edges at the back together in the same way with the tail of the plum half: this is the back seam. Take one loop of each edge, so that the seams lie flat.

2. Lay the base, right side out, on the lower opening of the body: its last round (36 sts) against the foundation chains of the two halves (18 chains each). Sew it on all the way round, stitch to chain, with its tail. Stuff the body firmly through the neck and press the base flat.

3. Sew the eight collar points round the neck: the flat 3-stitch edge of each lies along row 21 of the two halves (18 sts all the way round), the point (round 1) outward and down. The middle of one lies on the front seam, the middle of one on the back seam, and three lie on each side between these two, 2¼ stitches from middle to middle, so that each laps a little over the next. Sew each edge through both layers with its tail. Nothing else of them is sewn, now or later: the points hang free, and the arms go on under them.

4. Put the head on the neck: the open neck edge of the body (9 sts of each half, 18 sts) lies on round 21 of the head (18 sts), the center line of the head above the front seam. With a new length of A (fair peach), sew the neck edge to round 21 all the way round, over the edges of the collar points, adding stuffing to the neck before the last stitches, so that the head does not wobble.

5. Sew the plum leg, by its open edge (12 sts), to the lower front of the plum half: the middle of the edge lies between rows 3 and 4, 4½ stitches from the front seam, and the edge covers rows 2 to 5. It points forward and out to the right and lies on the table as far as the shoe; the shoe stands straight up. Sew all the way round with the tail, adding a little stuffing before the last few stitches. Then hold the shoe up: with a new 18 in (46 cm) length of C (plum), work running stitches along the middle of the upper side of the leg, from round 13 to round 6 and back, two times over, and draw them up until the shoe stands. Take the needle in and out on the plum rounds only: under the cream rounds 11 and 12 pass it inside the leg, so that no plum shows on the cream. Fasten the end in round 13 and bury it inside.

6. Sew the teal leg to the lower front of the teal half in the same way, with its own tail: the middle of the edge lies between rows 3 and 4, 4½ stitches from the front seam, and the leg points forward and out to the left. Hold its shoe up in the same way with a new 18 in (46 cm) length of B (teal), in and out on the teal rounds only.

7. Sew the teal arm, by its open edge (9 sts), to the side of the plum half: the middle of the edge lies on row 19, 5 stitches from each seam, and the edge covers rows 18 to 20. Lift the collar points that hang over this place out of the way, sew only the arm to the body, under them, and let the points fall over its top again. It points out to the side, then curves up, so that the hand is raised beside the head, level with round 13 of the head, and does not touch it. Hold the curve with running stitches along its upper side, from round 13 to round 6, with a new length of B (teal), drawn up until the hand stays up. Sew all the way round with the tail, adding a little stuffing before the last few stitches.

8. Sew the plum arm, by its open edge (9 sts), to the side of the teal half in the same place, under the collar points, without catching them. It points out to the side and a little down, then curves forward, so that the hand is held out in front, to the left of the body, level with row 15 of the teal half. Hold the curve with running stitches along its front side, from round 13 to round 6, with a new length of C (plum), drawn up a little. Sew all the way round with the tail, adding a little stuffing before the last few stitches.

9. Pull the hat over the head, right side out, its center line in front, the middle of its round 1 at the back, on round 3 of the head, on the line opposite the center line. Pin that middle first. Its edge (round 12) lies on round 9 of the head on the center line in front, on round 12 at the two sides (12 stitches from the center line) and on round 15 at the back, on the line opposite the center line: pin it at these places, then between them. With the thickness of the fabric the hat is as deep as the head is under it. Sew all 48 stitches of the edge down with the tail.

10. Pin the plum horn to the hat: the middle of the open edge lies on round 7, 9½ stitches to the left of the center line. The edge (20 sts) covers about rounds 4 to 10 of the hat. It points up and out to the left, then curves straight out to the side and at last down, so that its tip (round 1) points straight down, clear of the head. Hold the curve with running stitches along its under side, from two rounds past its wide end to two rounds short of its tip, with a new length of C (plum), drawn up until it stays. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

11. Pin the teal horn to the hat: the middle of the open edge lies on round 7, 9½ stitches to the right of the center line. The edge (20 sts) covers about rounds 4 to 10 of the hat. It points up and out to the right, then curves straight out to the side and at last down, so that its tip (round 1) points straight down, clear of the head. Hold the curve with running stitches along its under side, from two rounds past its wide end to two rounds short of its tip, with a new length of B (teal), drawn up until it stays. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

12. Pin the gold horn to the hat: the middle of the open edge lies on round 4, on the center line. The edge (18 sts) covers about rounds 1 to 7 of the hat. It stands straight up for about half its length and then curves over to the right, its tip (round 1) pointing to the right. Hold the curve with running stitches along the side it turns toward, from the middle of its length to two rounds short of its tip, with a new length of D (gold), drawn up until it stays. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

13. Sew on the five bells, each by the closed hole at its end, going round twice with its tail: one bell to the tip (round 1) of each of the three horns, and one to the tip (round 1) of each of the two shoes.

14. Pin the nose to the head: the middle of the open edge lies on round 14, on the center line. The edge (8 sts) covers about rounds 13 to 15 of the head. It points forward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

15. Hold the stick upright, its open end up, at the left of the plum arm, leaning a little to the left: rounds 4 to 6 of the stick lie against the left side of the hand, the side away from the body, over rounds 2 to 4 of the arm. Nothing lies on the tip of the hand (round 1), which points forward. With a new length of A (fair peach), sew the stick and the hand together where they touch, going over the place twice.

16. Set the stick head on the open end of the stick, its center line to the front: the last round of the stick (6 sts) lies round the closed hole of the stick head. Sew it down all the way round with the tail of the stick, going round twice.

17. Sew the small bell, by its closed hole, to the tip (round 1) of the stick head with its tail.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand on the wrong side of a flat piece, inside a stuffed one. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes of the stick head: with F (dark brown), two upright straight stitches side by side for each eye, about 1/8 in (3 mm) tall, on round 8 of the stick head, one eye to each side, 2 stitches from the center line (4 stitches apart).
- Smile of the stick head: with F (dark brown), in backstitch, a smile, one curve about 3/16 in (5 mm) wide that dips 1/16 in (2 mm) below its ends. Its two ends are on the stick head on round 9, one to each side of the center line.
- Eyes: two 8 mm black plastic eyes, on the head on round 13, one to each side, 4 stitches from the center line (8 stitches apart).
- Cheeks: with G (rose), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the head on round 15, one to each side, 6 stitches from the center line (12 stitches apart).
- Mouth: with F (dark brown), in backstitch, a smile, one curve about 9/16 in (14 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the head on round 16, one to each side of the center line.
- Eyebrows: with H (auburn), in backstitch, a short line about ¼ in (6 mm) long, its outer end higher, its middle on the head on round 11, one to each side, 4 stitches from the center line (8 stitches apart). Work the second side as a mirror image.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 29 pieces; 4,443 stitches.
