Gauge

14 stitches and 16 rounds to 4 in (10 cm) in single crochet.

14 stitches and 16 rounds to 4 in (10 cm) in single crochet. After the last round of the sole, the sole is about 7 in (18 cm) long and about 2½ in (6.5 cm) wide.

Before you start

- Measure the foot from the back of the heel to the tip of the longest toe and choose the size with the nearest foot length.
- The pattern makes a pair. The foot length is the length of the foot; the finished sole is about as long.
- The piece is worked from the sole up in one spiral: the rounds are not joined. Put a marker in the first stitch of each round and move it up every round.
- The right side always faces you and the work is not turned, except where a line says so.
- To change color, work the last stitch before the change until its last loops are on the hook, then draw the new color through them. A color that rests for 4 rounds or fewer can wait on the inside and be drawn up again; cut one that rests longer, leaving a tail of 6 in (15 cm).
- The figures in brackets at the end of a line are the stitches it has.
- Magic ring: wrap the yarn round two fingers to make a loop, work the first round into the loop, then pull the tail until the ring is closed.

Instructions

Chosen: Child, foot 7 in (18 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch and sc is double crochet.

Finishing

- Fold each piece in half along its length to find the middle of the toe at the edge of the opening. Sew the flat open edges of two ears to the outside of that edge, each across 4 stitches, side by side, one on each side of the middle, so that they stand up. In the rounds of the toe its middle is the middle dc2tog, or the line between the two middle ones. With B, on the front of each ear work 5 straight stitches side by side up the middle, each about half as long as the ear. With C, work each eye as 4 straight stitches one on top of another, all across the same 2 stitches of Rnd 13; leave 4 stitches between the two eyes, centered on the middle of the toe. With B, work the nose: a triangle of 5 straight stitches. All start at one point at the middle of the toe, halfway up Rnd 11, and go up to 5 points side by side along the top of that round, across the middle 2 stitches.
- Make the second piece the same; left and right are alike.
- Weave in every tail on the inside.

In all: 6 pieces; 1,918 stitches (819 in each slipper, 70 in each ear); 12 ends to weave in.
