By weight: about 800 g, an estimate, where 100 g is 250 yd (229 m).

Hook: 4.5 mm (US 7), or the size that gives you the gauge. Also: yarn needle, scissors, tape measure, stitch markers, pins, 1 button, 1 in (25 mm) across and sewing thread and a sewing needle.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge.

Gauge

16 stitches and 13½ rows to 4 in (10 cm) in herringbone half double crochet.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Ch 25; begin in the 2nd ch from the hook and work 20 rows of herringbone half double crochet (UK: herringbone half treble) on 24 sts, about 6 in (15 cm) wide and 6 in (15 cm) high, and measure 4 in (10 cm) in the middle. Use a larger hook if your swatch is small, a smaller one if it is large. Single crochet of the front edgings: 18.5 rows to 4 in (10 cm).

Notes

- The finished bust is 4½ in (11.5 cm) wider than the body measurement at each size. Choose by the finished measurement you like; no fit is promised beyond the measurements given.
- The turning chain (ch 1 for single and half double crochet) never counts as a stitch. Work the first stitch of every row into the first stitch, at the base of the turning chain.
- The turning chain of a herringbone row is ch 1.
- The back, the fronts, the sleeves, the pockets and the pocket flaps begin with a foundation chain. Row 1 of these pieces is half double crochet, worked into the chain; the rows after it are herringbone half double crochet, right side and wrong side rows alike, but for the last row of the pocket flap, which is single crochet.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- The front edgings and the collar have no foundation chain: each begins with a row of single crochet worked along the edges named in its instructions. The front edgings are single crochet throughout. The first and the last row of the collar are single crochet, and the rows between them are herringbone half double crochet.
- Odd-numbered rows are right side rows. Mark the right side of each piece with a stitch marker or a scrap of yarn.
- The left front and the right front are named as worn. With the right side facing you, the rows of the left front begin at its side edge and end at its front edge, and the rows of the right front begin at its front edge and end at its side edge; on wrong side rows it is the other way about.
- A decrease counts as one stitch.
- The darts are decreases and increases that lie one above the other: they take in the waist, and on the fronts one more increase than decreases gives room at the bust. The numbers of a dart row are counted from the beginning of that row.
- Work the stitches firmly; a blazer should keep its shape.
- Sew every seam with the yarn needle and a new length of the yarn, about two and a half times as long as the seam, where no other end is named. Small stitches into both edges keep a seam flat.

Right front edging

☐ **Foundation**	Work this at step 2 of Assembly. With the right side facing, join the yarn at the lower corner of the right front edge, as worn; ch 1, then work this edge: along rows 1 to 72 of the right front, [sc in the end of each of the next 4 rows, 2 sc in the end of the next row] 13 times, sc in the end of each of the next 7 rows (85 sc). There are 85 sc in all. This is row 1, a right side row.	
☐ **Row 2**	Ch 1, turn; sc in each st across	(85 sc)
☐ **Row 3**	Ch 1, turn; sc in next 34 sts, ch 4, skip next 4 sts, sc in next 47 sts	(81 sc, 1 ch-4 sp)
☐ **Row 4**	Ch 1, turn; sc in next 47 sts, 4 sc in next ch-4 sp, sc in next 34 sts	(85 sc)
☐ **Row 5**	Ch 1, turn; sc in each st across	(85 sc)
☐ **End**	The ch-4 sp of row 3 is the buttonhole. The edging is about 1 1/8 in (2.9 cm) wide. Fasten off.	

Left front edging

☐ **Foundation**	Work this at step 2 of Assembly. With the right side facing, join the yarn at the top of the lapel of the left front, as worn, in the end of row 72; ch 1, then work this edge: along rows 1 to 72 of the left front, met from the last of them, sc in the end of each of the next 7 rows, [2 sc in the end of the next row, sc in the end of each of the next 4 rows] 13 times (85 sc). There are 85 sc in all. This is row 1, a right side row.	
☐ **Rows 2 to 5** 2 3 4 5	Ch 1, turn; sc in each st across	(85 sc)
☐ **End**	The edging is about 1 1/8 in (2.9 cm) wide. Fasten off.	

Collar

☐ **Foundation**	Work this at step 3 of Assembly. The free sts of row 72 are the 14 sts of each front that row 73 left. The inner free sts are the 7 of them that are nearest the shoulder: the 7 at the front edge stay free, and between them and the end of the collar lies the notch. The collar is picked up with the wrong side (the inside) of the jacket facing you. When it is turned down to the outside, the side that faces you in row 1 and in its other odd-numbered rows lies outward and shows: that is the right side of the collar. With the wrong side facing, join the yarn in the free st of row 72 of the left front that is the 8th from its front edge; ch 1, then work these edges in order: sc in each of the 7 inner free sts of row 72 of the left front (7 sc); up the neck edge, along rows 73 to 84 of the left front, [sc in the end of each of the next 3 rows, 2 sc in the end of the next row] 3 times (15 sc); across the back neck, sc in each of the 28 middle sts of row 84 of the back (28 sc); down the neck edge, along rows 73 to 84 of the right front, met from the last of them, [2 sc in the end of the next row, sc in the end of each of the next 3 rows] 3 times (15 sc); sc in each of the 7 inner free sts of row 72 of the right front (7 sc). There are 72 sc in all. This is row 1, a right side row of the collar.	
☐ **Row 2**	Ch 1, turn; hhdc in each st across	(72 hhdcs)
☐ **Row 3**	Ch 1, turn; **[**hhdc in next 8 sts, 2 hhdc in next st**] 8 times**	(80 hhdcs)
☐ **Row 4**	Ch 1, turn; 2 hhdc in first st, hhdc in each st across to last st, 2 hhdc in last st	(82 hhdcs)
☐ **Row 5**	Ch 1, turn; hhdc in each st across	(82 hhdcs)

Assembly

1. Shoulders and sides: lay the left front and the right front on the back with right sides together and the side edges level. Sew the 18 sts of row 84 of each front to the 18 sts at that end of row 84 of the back, one to one, with the yarn. The middle 28 sts of the back stay open for the neck. Sew each side seam, the ends of rows 1 to 56 of the back to the ends of rows 1 to 56 of the front, row to row.

2. Front edgings: work the right front edging and the left front edging now, as written above.

3. Collar: work it now, as written above.

4. Sleeves: with right sides together, sew each sleeve seam, row end to row end, from the foundation chain to row 60. Put a sleeve into an armhole with right sides together: the sleeve seam at the side seam, the 4 sts left unworked at each side of the sleeve on the 4 sts left unworked by the back and by the front, and the middle of the 14 sts of row 81 at the shoulder seam. Pin the cap between these places. Its edge, measured along its row ends and across its top, is about 1 in (2.5 cm) longer than the edge of the armhole, and this ease is spread over the top half of the cap. Sew it in, and the second sleeve into the other armhole.

5. Roll lines: on each front lay a straight line of pins, on the right side, from the outer edge of the front edging, level with the top of row 32 of the front, slanting up across the edging and the front to the neck edge at the top of row 80. Along it, beginning at the outer edge of the edging, work a line of surface slip stitch with the yarn: hold it behind the

front, an end of 6 in (15 cm) left, insert the hook from the front to the back under the pins, pull up a loop, and then, about ¼ in (6 mm) farther on each time, insert the hook, pull up a loop and pull it through the loop on the hook. The line lies on the fold of the lapel and holds it. Fasten off and draw the end to the wrong side.

6. Lapels and collar: fold each lapel to the outside along its roll line; the edging above the line turns out with it. The ends of the collar, as far as they are worked on the inner free sts of row 72 and on rows 73 to 80 of the neck edge, turn out together with the lapel: they have no fold of their own. From the upper end of each roll line the fold goes on into the collar: it rises evenly over the sts worked on rows 81 to 84 of the neck edge, reaches the foot of row 5 of the collar at the shoulder seam, and runs along the foot of row 5 across the back neck, from one shoulder seam to the other. Fold the collar to the outside along this line, and press the lapels and the collar lightly under a damp cloth. The lapel and the edging show their wrong side there, and the collar shows its own right side; the herringbone stitch is much the same on both.

7. Pockets: lay a pocket, right side up, on the right side of each front, with its foundation chain on the line between rows 3 and 4 of the front, 8 sts of the front free between the pocket and the edging, counted in row 4, and the pocket upright. Pin it flat, with the dart lying flat under it, and sew down one side, along the lower edge and up the other side with its own end. Lay a flap, right side up, over it, with the foundation chain of the flap on the line between rows 25 and 26 of the front and 1 of its chs beyond the pocket at each side, so that the flap hangs down over the pocket. Sew the 24 chs to the front with a new length of the yarn of about 18 in (45 cm); the sides and the lower edge of the flap stay loose.

8. Button, with sewing thread: lap the right front edging over the left front edging, edge on edge, and sew the button to the left front edging, in the middle of its width (row 3), between its sts 36 and 37, counted from the lower edge, under the buttonhole.
