Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

sl st	slip stitch (UK ss, slip stitch)
sc	single crochet (UK dc, double crochet)
ch	chain stitch
RS	right side
Rnd	round
st	stitch
sp	space
sk	skip

Special stitches

sc2tog (Single crochet 2 together (UK dc2tog)): Insert the hook in the next st, yarn over and draw up a loop, insert the hook in the st after it, yarn over and draw up a loop, yarn over and draw through all 3 loops on the hook. It makes 1 st of 2.

Gauge

16 stitches and 18 rounds to 4 in (10 cm) in single crochet.

After Rnd 8 of the outer mitt, lay the ring flat and measure across it: about 6 in (15 cm).

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Before you start

- Use cotton yarn: synthetic yarn can melt on a hot pan. Use the mitt dry, for a short hold; heat comes through a damp mitt at once and through any crochet in time.
- Measure round the palm just above the thumb. Less than 8 in (20.5 cm): work Regular. From 8 in (20.5 cm) itself to 9½ in (24 cm): work Large. The mitt is about 4 in (10 cm) wider round than the hand, which leaves room for the lining.
- Each layer is worked in joined rounds and the right side always faces you; the work is not turned. The ch 1 at the start of a round does not count as a stitch: the first stitch goes into the stitch the ch stands on, and the sl st that closes the round goes into the top of that first stitch. The thumbs are worked in a spiral.
- After a joined round, draw the new color through with the sl st that closes it. A color that rests for 4 rounds or fewer can wait on the inside and be drawn up again; cut one that rests longer, leaving a tail of 6 in (15 cm). To change color, work the last stitch before the change until its last loops are on the hook, then draw the new color through them; do this in the thumbs, where the rounds are not joined.
- The figures in brackets at the end of a line are the stitches it has.

Instructions

Chosen: Regular, hand less than 8 in (20.5 cm) round the palm. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch and sc is double crochet.

Run the needle back through the stitches of the seam, along 6 pairs, to the middle of the seam, and leave the rest of the tail hanging there, on the wrong side. Turn the lining right side out for its thumb.	

Lining thumb

☐ **End**	Fasten off, leaving a tail of 6 in (15 cm). Thread it through the 6 stitches of the last round, pull them closed and fasten inside. With the tail from the join, close the small gaps at the two ends of the 2 chains.	

Hanging loop

Yarn A, navy.

☐ **Foundation**	With A, ch 21, leaving a tail of 6 in (15 cm) at the start to sew with.	
☐ **Row 1**	Sc in 2nd ch from hook, sc in each ch across	**(20 sc)**
☐ **End**	Fasten off, leaving a tail of 8 in (20.5 cm) to sew with.	

Finishing

- Cuff: the lining is 9 rounds longer than the outer mitt. Fold these 9 rounds outward, over the cuff of the outer mitt, so that the foundation chain of the outer mitt lies in the fold. The foundation chain of the lining now lies along Rnd 9 of the outer mitt. With a piece of C about 40 in (101.5 cm) long, sew each of its 48 chains to the stitch of Rnd 9 that lies under it, all the way round.
- Weave in every tail on the wrong side, except the one at the tip of the lining and those of the loop.
- Tip: turn the lining wrong side out, with its thumb. The tail at its tip now hangs on the outside. The outer mitt is right side out. Thread the tail, take the needle into the outer mitt through the opening at the cuff and up to the top, and bring it out through the middle of the top seam of the outer mitt. The tail joins the two tips and is long enough to reach: the lining follows it in the next step.
- Lining: push the lining into the outer mitt, thumb into thumb, and draw on the tail as it goes in, until the two top seams lie against each other. The wrong sides of the two layers lie together and the joins lie at the same side. Now sew the tips together from the outside: take the needle in through the top seam of the outer mitt beside the place where the tail comes out, catch the seam of the lining that lies under it, and bring the needle out through the seam of the outer mitt again. Do this 3 times. Then run the needle between the two layers for about 2 in (5 cm), bring it out through the outer mitt and cut the tail off there.
- Hanging loop: lay the two ends of the strip side by side and sew them flat to the outside of the folded cuff, over the join, with their short edges 2 rounds above the fold, so that the loop hangs below the cuff. Fasten the tails inside the cuff.
- Either hand can wear the mitt. For a pair, work everything a second time.

In all: 3 pieces; 5,934 stitches (2,510 in the outer mitt, 231 in the outer thumb, 2,942 in the lining, 231 in the lining thumb, 20 in the hanging loop).
