What you need

Yarn: any one color (butter cream in the picture), medium (4) **about 960 yd (878 m), an estimate**
By weight: about 480 g, an estimate, where 100 g is 200 yd (183 m).
Hook: 5.5 mm (US I-9), or the size that gives you the gauge. Also: a yarn needle, scissors and a tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Sizes

Size	Finished size, about	Yarn, an estimate
Lap (this file)	**35¾ × 47¼ in (91 × 120 cm)**	**about 960 yd (878 m)**
Throw	45 × 58¼ in (114 × 148 cm)	about 1,460 yd (1,335 m)

Gauge

13 stitches to 4 in (10 cm) in single crochet.

13 single crochet to 4 in (10 cm), and 10 rows of the lace about 5½ in (14 cm) tall. Check it on the blanket itself when 12 rows are done, laid flat and smoothed out with the palm: the 109 stitches of row 1 in Lap are about 33½ in (85 cm) wide, the 139 in Throw about 42¾ in (109 cm), and rows 3 to 12 are about 5½ in (14 cm) tall. If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Notes

- The blanket is worked in one piece from the lower edge up, and the border around it afterward. The right side of the blanket is the side that faces you in row 1 and in every odd row.
- Each row of lace begins with ch 3, which counts as a dc and stands at the edge over the first st of the row below; nothing more is worked into that st. The dc at the end of the row goes into the top, the third ch, of the ch 3 of the row below.
- Every shell is worked into the ch-2 sp in the middle of the shell below it; its two dc on either side are passed over. Only shells have a ch-2 sp.
- How one pineapple goes: it begins with one sc, with a chain space on each side of it (row 2 or 12 for the first set, row 7 for the second). The next row passes over both chain spaces and works 7 dc into that sc. The row after passes over the ch-1 sp on each side of the fan and works one dc into each of the 7 dc, with ch 1 before, between and after them, so that there are 8 ch-1 spaces. The row after that works one sc into each of these 8 spaces, the two beside the shells among them, with ch 3 between the sc: 7 loops.
- In every row after the one with 7 loops, the chain space at each side of the pineapple, between the shell and the first or last sc, is passed over, and sc go only into the ch-3 loops between the sc: each row has one loop fewer, down to one loop; the one sc that then goes into that loop begins the next pineapple. Where the words say "sk next 2 sts" after a shell, the sts are the last 2 dc of the shell below; "sk next st" before a shell is the last sc of the pineapple below, and the first 2 dc of the next shell are passed over on the way to its ch-2 sp.
- Where brackets stand inside brackets, work the inner ones first, as often as their own number says. In row 2 every shell is worked into one sc of row 1.
- The border is worked in the round with the right side facing; do not turn between rounds. The ch 1 at the start of a round does not count as a stitch. In round 2 the 3 sc of each corner go into the middle one of the 3 sc of round 1.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a ball runs out, work the last yarn over of a stitch with the new yarn, and leave a tail of about 6 in (15 cm) on both. In the rows do it in the last stitch of a row; in the rounds of the edging any stitch will do.
- In joined rounds, the first stitch of a round goes into the same stitch as the joining sl st. The joining sl st itself is not a stitch and is not worked into.
- To join a yarn with a sl st, make a slip knot of it on the hook, put the hook in the place named, yo, and pull through the place and the loop on the hook.
- Edging: work along the last row, down the ends of the rows, along the other side of the foundation chain and up the ends of the rows. The 3 sc in one place turn a corner.
- Buy whole balls from one dye lot.
