Special stitches

popcorn: Work 5 dc in the place named, take the hook out of the loop, put it through the top of the first of the 5 dc from front to back, pick up the loop again and pull it through. A popcorn is one stitch: where a later round works into it, work into its top, which is the loop pulled through the first dc, and not into the tops of its other dc. It leaves 1 popcorn for the next round.

Gauge

14 stitches and 15 rows to 4 in (10 cm) in single crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 3 the flower measures about 2½ in (6 cm) across. If yours is larger, use a smaller hook; if it is smaller, use a larger hook.

Before you start

- Rounds are worked with the right side facing; do not turn.
- Magic ring: wrap the yarn loosely round two fingers and work all 8 popcorns of Rnd 1 into the loop, pulling it open again whenever it grows tight. Join the round, then pull the tail until the popcorns stand close side by side; a small hole may stay in the middle.
- A chain 1 at the start of a round does not count as a stitch.
- Fasten off the old color, then join the new one with a slip stitch in the place named; the first stitch or chain of the line is worked in that same place unless the line names the next one.
- At the start of a round, same st is the stitch the round before was joined in; after a new color is joined, it is the stitch the color was joined in.
- The figures in brackets at the end of a line count its stitches and the chain spaces between them; slip stitches are not counted.
- The ch 2 at the start of Rnd 1 is not worked into again: leave it behind the first popcorn.
- Each petal of Rnd 4 stands in three sc of Rnd 3: three stitches in each of them, with the 3 dtr in the middle.
- Rnd 5 goes round the tops of the petals. The two hdc where petals meet each take a sl st, so that the dip stays deep; the sl st that joins D is the one in the first hdc. The (hdc, dc, hdc) is worked in the middle one of the 3 dtr and makes the point.
- The same words in another yarn make another size, measured straight across: fine yarn (2) and a 3.25 mm hook, about 3¾ in (10 cm); light yarn (3) and a 4 mm hook, about 4¼ in (11 cm); bulky yarn (5) and a 6.5 mm hook, about 7¼ in (18 cm).

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble, dc is treble, tr is double treble and dtr is triple treble.
