Mermaid ice pop holders, set of three

Narrow · US terms

Finished size
About 4 in (10 cm) round at the top and 6¾ in (17 cm) long with the fin, for an ice pop 3 in (7.5 cm) to 3¾ in (9.5 cm) round in its plastic sleeve

Skill
Intermediate
It has one special stitch, the scale, worked round the posts of the stitches below.

Yarn
Fine (2), 7 colors

Hook
3.25 mm (US D-3)

Gauge
24 stitches and 26 rounds to 4 in (10 cm)
In single crochet (UK double crochet).

What you need

Yarn A: aqua, the first holder	**about 40 yd (37 m), an estimate**
Yarn B: coral, the second holder	**about 40 yd (37 m), an estimate**
Yarn C: violet, the third holder	**about 40 yd (37 m), an estimate**
Yarn D: teal, the fin and the lowest scales of the first	**about 30 yd (27 m), an estimate**
Yarn E: rose, the fin and the lowest scales of the second	**about 30 yd (27 m), an estimate**
Yarn F: plum, the fin and the lowest scales of the third	**about 30 yd (27 m), an estimate**
Yarn G: pearl, the shell edges	**about 15 yd (14 m), an estimate**

By weight: about 65 g in all, an estimate, where 100 g is 350 yd (320 m).

Fiber: cotton

Hook: 3.25 mm (US D-3), or the size that gives you the gauge. Also: pins, a yarn needle and scissors.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Sizes

Size	Finished size, about	Yarn, an estimate
Narrow (this file)	**4 in (10 cm) round, 6¾ in (17 cm) long**	**about 225 yd (206 m)**
Wide	4¾ in (12 cm) round, 6¾ in (17 cm) long	about 240 yd (219 m)

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

Gauge

24 stitches and 26 rounds to 4 in (10 cm) in single crochet.

24 stitches and 13 rounds to 4 in (10 cm) in double crochet, worked in the round. A scale row, its round of pairs and its round of scales together, is a little less than ½ in (about 1.2 cm) tall, and the nine scale rows together are about 4¼ in (11 cm) tall; the scales themselves are longer and hang over the row below. The fin, ridged by its back loops, need not be measured.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Work a swatch in A before you begin: ch 37; row 1, sc in 2nd ch from hook and in each ch across (36 sc); rows 2 to 12, ch 1, turn, sc in each st across (36 sc). Lay it flat and count the stitches over 4 in (10 cm) in its middle. There should be 24 stitches; rows worked back and forth are not quite as tall as rounds, so go by the stitches. If you count more stitches than that, change to a larger hook; if you count fewer, change to a smaller hook. The swatch can be pulled out and its yarn used again.
>
> | | | |
> |---|---|---|
> | **Swatch foundation** | Ch 37. | |
> | **Swatch row 1 (RS)** | Sc in 2nd ch from hook and in each ch across | (36 sc) |
> | **Swatch rows 2 to 12** | Ch 1, turn; sc in each st across | (36 sc) |

Notes

- Lay the foundation chain straight before you join it into a ring, so that it is not twisted. Each round of the holders is joined with a slip stitch and all of them are worked with the right side facing; never turn. The chain at the start of a round does not count as a stitch: work the first stitch of the round into the stitch the round below was joined in. A round of pairs is joined in the top of the first dc of its first pair, and a round of scales in the top of its first sc, or of the first dc of its first scale.
- Into a pair or a scale: where the pattern says to work a stitch into a pair, put the hook between the two dc of that pair, at their tops. A scale hangs in front of its pair, so a stitch worked into a scale goes into the same place: between the two dc of the pair behind it. A stitch worked into a sc goes into its top as usual.
- How the scales lie: each is worked on every second pair, with one sc in the pair between, which holds it down. In the next scale row the scales come on the other pairs, so that each lies over the gap between two of the row below. This stays so where the holder is widened, because the extra pairs always go into a sc.
- To widen the holder, three pairs are worked into one sc in a round of pairs: the first time in the first or second stitch of the round, the next time in the middle of it, and so on by turns. The round of scales that follows it, in the same scale row, has one scale more than the round of scales before. That number then stays until the next time three pairs are worked into one sc.
- Where the pattern says BLO, put the hook under the back loop only. The fin is turned at every row, so the front loops left free make ridges on both sides of it. Each sc2tog is worked through both loops. The chain of 1 at the start of a row does not count as a stitch.
- To change color where a joined round begins, draw the new yarn through as the last yarn over of the slip stitch that ends the round before. Cut the old yarn at each change, leaving a tail of 6 in (15 cm).
- Whip stitch: put the needle through both edges from back to front, one stitch for each stitch or row, and draw the yarn snug.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Measure round your ice pop, in its plastic sleeve, at its widest, and choose the size by that. For a child under three stay by: the fins are sewn on.
- Colors. Aqua holder: the foundation ring, round 1, scale rows 1 to 3 and the fin are D; scale rows from 4 on and the first three rounds of the top are A. Coral holder: in the same way, with E in place of D and B in place of A. Violet holder: with F in place of D and C in place of A. The last two rounds of every holder are G.

Instructions

Narrow. US terms.

ch chain, **sl st** slip stitch, **sc** single crochet (UK double crochet), **dc** double crochet (UK treble), **st** stitch, **rnd** round.
sc2tog 2 sc made into one. **BLO**: only the loop away from you. **sk** skip, **yo** yarn over the hook, **RS** right side, the one that shows.
5 dc in next st: all in one stitch.
[ ] 8 times: work what is inside 8 times in all.
(16 sc): the stitches you have when the round is done. **How to read a pattern**.

Special stitches

pair: 2 dc in the place named. A pair counts as 1 stitch.

scale: Worked on the right side, in front of the pair named, round the posts of its two dc. Every dc of a scale is worked with the hook under the whole post, as under a bar. Turn the holder a quarter, so that the narrow end is at your left (at your right if you work left-handed), and work 4 dc round the post of the first dc of the pair, the first of them at its top and the last at its foot. Turn the holder half round, so that the narrow end is at the other hand, and work 4 dc round the post of the second dc, the first at its foot and the last at its top. Turn the holder upright again. The 8 dc stand out to both sides of the pair as one rounded scale, its tip toward the narrow end. A scale counts as 1 stitch.

Aqua holder

Yarns in order of use: D, teal; A, aqua; G, pearl.

☐ **Row 17**	Ch 1, turn; sc in BLO of next 3 sts, sc2tog	(4 sc)
☐ **End**	Fasten off, leaving a tail of 16 in (40.5 cm).	

Assembly

1. Weave in all the tails of the holders on the wrong side, and the starting tails of the fins; leave the long tails of the fins. Smooth every scale down, so that its tip points to the narrow end.

2. Gather each half of a fin: its long tail hangs at the tip. Run it along the edge of the last row to the foot, then run it in and out through the ends of all its 17 rows along the foot, the straight edge, and draw it up until that edge is about ½ in (1.5 cm) wide. Take two small stitches on the spot.

3. The teal fin is for the aqua holder, the rose fin for the coral one and the plum fin for the violet one. Flatten the narrow end of a holder, so that the place where the rounds are joined is at one side: 8 chains of the foundation lie on the front and 8 on the back. Slip the gathered feet of the two halves of the fin in between, side by side, each 3/8 in (1 cm) deep, their tips pointing away from the holder and outward to the two sides, like a V. Pin them.

4. With the long tail of one half of the fin whip stitch the narrow end shut, right side out, through the front, the foot of the fin and the back: 8 stitches, one in each pair of chains. Go back along the same edge with the other long tail, the stitches between those of the first. Fasten off and draw both ends into the holder. The lowest scales hang down over the seam.

5. Slide an ice pop, in its plastic sleeve, into the holder as far as it will go.

Finishing

- If a scale curls up, pin its tip down on the row below, damp it and let it dry. Spread the fins, damp them and let them dry flat.

In all: 9 pieces.
