One skein diamond baby blanket

Standard · US terms

Finished size
About 31¼ × 31 in (79 × 79 cm)
With its border. The panel alone: about 29 × 28¾ in (74 × 73 cm)

Skill
Easy
Chain spaces, shells in the border

Yarn
Light (3)

Hook
4.5 mm (US 7)

Gauge
15 stitches and 8½ rows to 4 in (10 cm)
In eyelet diamonds.

You will need

Yarn: lilac, light (3) **about 875 yd (800 m), an estimate**

Hook: 4.5 mm (US 7), or the size that gives you the gauge. Also: yarn needle, a kitchen scale, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece with its border. The blanket has more holes than the swatch, and the border is more solid: the two come out about even. Then add a tenth of that figure, so that you do not run short.

Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

ch	chain stitch
sl st	slip stitch (UK ss, slip stitch)
sc	single crochet (UK dc, double crochet)
dc	double crochet (UK tr, treble)
rnd	round
RS	right side
sk	skip (UK miss)
sp	space
st	stitch

Gauge

15 stitches and 8½ rows to 4 in (10 cm) in eyelet diamonds. Along a row, count every stitch and every chain between stitches as one.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

To count your gauge in the middle of the test piece: 20 stitches and chains side by side are about 5.3 in (13.5 cm) wide, and 8 rows are about 3.8 in (9.6 cm) tall.

The pattern also stops you to measure after row 6.

The swatch. A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 7¾ in (20 cm) wide and 6 in (15 cm) tall, so that you can count over 4 in (10 cm) in the middle of it.

For another width, add 60 chains or take away 60 chains, which is three diamonds: then the top and the bottom of the border still come out even. Row 1 has no brackets: work it in each ch across. In every row from row 2 to the last row, those without eyelets too, the outer brackets are worked once for each diamond (5 times as printed): work them 8 times for the wider blanket or 2 times for the narrower one. Where those brackets hold brackets of their own, work these inner ones as many times as printed. In the border, the stitches along the top and along the bottom are then 60 more or 60 fewer in rnds 1 to 3, and the brackets of rnd 4 are worked 10 times more or 10 times fewer along each of these two edges. The totals printed after the rows and rounds differ accordingly. For a shorter blanket, the notes under Before you start say after which rows it may end and what changes in the border then. Measure your own gauge first.

Before you start

- The ch 3 at the start of a row counts as a dc. It stands on the first st of the row below; the next st is the second. The last stitch of the next row is worked into the top of it. In row 2 that is the top of the skipped chs: the last ch you made of the foundation.
- Row 1 is the right side.
- Several of one stitch named together ("3 sc in first st") are all worked into that one place.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.
- The border is worked in rounds with the right side facing. Rnd 1 begins in the st just joined, which it calls "first st", goes along the last row to the other end, which it calls "last st", then down the left side, along the foundation edge and up the right side.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Along the foundation edge the first ch is the one under the last dc of row 1. From there every ch that row 1 works into counts. Of the 3 chs skipped at the start of row 1, which stand as its first dc, only the lowest counts: it is the last ch of the edge. The 2 chs above it are not counted.
- The chain at the start of a round does not count as a stitch. After rnd 1, the first stitch of a round goes into the stitch that the slip stitch joined: that stitch is the first of the next stitches.
- Rnd 4 is the round of shells. Its first sc goes into the stitch that the slip stitch joined, and a shell of 7 dc goes into each corner stitch, the middle one of the 3 stitches that rnd 3 has in one place at the corner. Every sc between two shells goes into the 3rd stitch after the stitch that holds the shell before it.
- One yarn is used throughout: a variegated, self-striping or cake yarn of the same weight and length can take its place, and its colors fall where the yarn has them.
- To end in time with one ball: weigh the ball after row 11 and again after row 21. The difference is what ten rows take, and the border takes about as much as twelve rows. The piece may end after row 41, row 51 or row 61, which are rows without eyelets. Each time you come to one of the first two, weigh the ball: go on with the next ten rows only if it weighs at least two and a half times that difference. If it weighs less, stop there, fasten off and work the border.
- If you stop after row 41, the blanket is about 21½ in (55 cm) from bottom to top with its border, and its width stays the same. Join the yarn at the top right corner of row 41, as the border says for row 61. The border then changes only along the two edges that are made of row ends: the left side, which comes first, and the right side, which comes last. In rnd 1 each of these two edges has: [2 sc in end of each of next 3 rows, sc in end of next row] 10 times, sc in end of next row (71 sc). In rnd 2 the left side has sc in next 73 sts and the right side has sc in next 72 sts; in rnd 3 the left side has sc in next 75 sts and the right side has sc in next 73 sts. In rnd 4 the group in brackets is worked 12 times along each of these two edges. The totals printed after the rounds of the border differ accordingly.
- If you stop after row 51, the blanket is about 26¼ in (67 cm) from bottom to top with its border, and its width stays the same. Join the yarn at the top right corner of row 51, as the border says for row 61. The border then changes only along the two edges that are made of row ends: the left side, which comes first, and the right side, which comes last. In rnd 1 each of these two edges has: [2 sc in end of each of next 3 rows, sc in end of next row] 12 times, 2 sc in end of each of next 2 rows, sc in end of next row (89 sc). In rnd 2 the left side has sc in next 91 sts and the right side has sc in next 90 sts; in rnd 3 the left side has sc in next 93 sts and the right side has sc in next 91 sts. In rnd 4 the group in brackets is worked 15 times along each of these two edges. The totals printed after the rounds of the border differ accordingly.

Instructions

Chosen: Standard. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet and dc is treble.
