Gauge

13 stitches and 7 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 10 the straight edge is about 5.7 in (14.5 cm) long. If yours is shorter, use a larger hook; if it is longer, use a smaller one.

Every size in the list has all its own rows and counts. For a depth of your own, work the two increase rows in turn, as rows 2 and 3 with more stitches each time, until the piece is as deep as you like, and stop after a wrong side row (an even row, one that begins with 2 dc in the same st). Then work the two decrease rows in turn, the right side one first, as printed after the middle, until 5 stitches are left: the number of rows in all is twice the number of the row you stopped at, less 2. The colors depend on that number: before you begin, choose the even row you will stop at, work out the number of rows in all, and divide it by five for the rows of each block; if rows are left over, give one row more to as many blocks as there are rows left over: to the third block first, then the first, the fifth and the second (62 rows are 13, 12, 13, 12 and 12). Each row before the middle, with the row after it that answers it, adds about 1.1 in (2.9 cm) to the straight edge.

Before you start

- A dc2tog here is worked over the next 2 stitches; [dc2tog] 2 times uses 4 stitches and leaves 2.
- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- In row 2 the turning ch is the skipped chs at the start of row 1: its top is the one that was next to the hook.
- Where several stitches have one place after them, as in "2 dc in same st", they are all worked into that one place.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- To change color, work the last stitch of the old color until two loops are left on the hook and draw the new color through them. Cut the old color, leaving a tail of about 6 in (15.2 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.
- About 35.4 in (89.9 cm) along the straight top edge and 20 in (50.8 cm) deep.
- 62 rows in five blocks: yarn A for rows 1 to 13, yarn B for rows 14 to 25, yarn C for rows 26 to 38, yarn D for rows 39 to 50, yarn E for rows 51 to 62.
- It grows to row 32 and narrows after it.

Instructions

Chosen: Shoulder shawl. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms dc is treble and dc2tog is treble 2 stitches together.

Yarns in order of use: A, clay; B, blush; C, cream; D, sage; E, pine.
