Pineapple table runner

Short · US terms

Finished size

About 12 in (30 cm) wide where it is widest, 9½ in (24 cm) in the hollows of its wavy edges, and 27¼ in (69 cm) long from point to point, pinned out, with the picots

Skill

Intermediate

Chain loops and shells in rows, with a tapering end

Yarn

Fine (2)

Hook

3.25 mm (US D-3)

Gauge

22 stitches and 11½ rows to 4 in (10 cm)

In pineapple lace, pinned out.

You will need

Yarn: ecru, fine (2) **about 170 yd (155 m), an estimate**

Fiber: cotton

Hook: 3.25 mm (US D-3), or the size that gives you the gauge. Also: a yarn needle, scissors, a tape measure, a row counter, or a pencil and rustproof pins, to pin the runner out.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 15 percent added.

Sizes

Size	Finished size, about	Yarn, an estimate
Short (this file)	**12 in (30 cm) wide, 9½ in (24 cm)**	**about 170 yd (155 m)**
Medium	12 in (30 cm) wide, 9½ in (24 cm)	about 310 yd (283 m)
Long	12 in (30 cm) wide, 9½ in (24 cm)	about 450 yd (411 m)

Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

ch chain stitch
sl st slip stitch: insert hook in the place named, yo, pull through it and the loop on hook (UK ss, slip stitch)
sc single crochet (UK dc, double crochet)
dc double crochet (UK tr, treble)
RS right side

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

sk	skip (UK miss)
sp	space
st	stitch
yo	yarn over (UK yrh, yarn round hook)

Special stitches

sh (Shell): (2 dc, ch 2, 2 dc) in the same place. In UK terms: 2 trebles, 2 chains and 2 trebles in one place. It leaves 1 stitch for the next row.

picot: Ch 3, sl st in the 3rd ch from hook. In UK terms: ch 3, ss in the 3rd ch from hook.

Gauge

22 stitches and 11½ rows to 4 in (10 cm) in pineapple lace, pinned out.

Pinned out, one set of 14 rows measures about 4 7/8 in (12.5 cm) tall, and row 10, the widest, is about 11¾ in (30 cm) from edge to edge without its picot. In plain double crochet the same yarn and hook come to about 22 stitches and 12 rows to 4 in (10 cm). Check it on the first half when 15 rows are done: pin it out flat with every loop open and measure the height of rows 2 to 15, and the width of row 10. If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Before you start

- The runner is two halves, worked alike from the middle out to the point and sewn together along their foundation chains.
- A shell always goes into the ch-2 space in the middle of a shell below (in row 1, into a chain). The 2 dc of the shell below on each side of that space are passed over. The ch-2 and ch-4 spaces between a shell and the loops of a pineapple are never worked into: the rows say where they are skipped.
- A pineapple begins with a ch 3 between two shells. The next row has (dc, ch 3, dc) in that ch-3 space, the row after it 8 dc in the new ch-3 space, then comes a row with a ch 1 between the dc, and then the loops: ch 3 each. Every row of loops has one loop fewer than the row before, until one sc is left; a dc in that sc closes the pineapple. "[ch 3, sc in next ch-3 sp] 5 times" goes on from the sc before it: the first ch 3 hangs between that sc and the next.
- The ch 3 at the start of a row counts as a dc and is the stitch at the edge; "top of turning ch" is the third, last-made chain of it. A ch 1 at the start of a row counts as nothing. In row 1 the 6 skipped chains are, from the hook, 3 that count as the edge dc, the chain in which that dc stands, and 2 that are passed over before the first shell.
- A picot that ends a row stands out at the edge. It is not counted as a stitch and is not worked into: turn, and begin the next row as if it were not there. A picot inside a row is passed over in the same way.
- Row 1 is the right side, and so is every odd row.
- Leave a tail of about 6 in (15 cm) when you begin and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a ball runs out, join the next at the end of a row: work the last yarn over of the last stitch with the new yarn, and leave a tail of about 6 in (15 cm) on both.
- Stitches in parentheses are all worked into the one place named after them. "8 dc in next ch-3 sp" puts all 8 stitches in that one place.
- Use a smooth, firmly twisted cotton: it shows the lace and can be pinned out.
- Buy whole balls from one dye lot.

Instructions

Chosen: Short. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble and sk is miss.

Half: make 2

Rows 2 to 15 are one set of fourteen rows; they are worked 2 times in all, and rows 30 and 31 are the first two of them once more.

Row 32 rounds off the two outer pineapples. At its beginning the 3 dc go into the space of the outer shell and the dc after them into the dc that closed the pineapple; at its end the same comes in the other order.

Row 33 begins the point and is worked between the two inner shells alone. The 6 sl sts go into the 6 stitches at the beginning: the edge dc, the 3 dc, the dc after them (its picot is passed over) and the first dc of the inner shell; the sc after them goes into the second dc of that shell. At the other end the sc goes into the first dc after the space of the inner shell, and 6 stitches are left: its last dc, the dc with the picot, the 3 dc and the edge. At the end of row 34 the dc goes into the sc that stands at the edge, and the 6 sl sts are left.

Assembly

1. Weave in the ends, as the pieces are laid.

2. The two halves meet along their foundation chains, in the middle of the runner. Lay both with the right side up, foundation chain to foundation chain, with the two points away from each other. Cut a length of A about 38 in (97 cm) long. Sew chain to chain from edge to edge, under the one strand of each chain that lies nearest to the other half: 53 stitches. On each half the chain at the edge where row 1 begins is the 4th from the hook, the one in which that edge stands; the chain at its other edge is the one that holds the last dc of row 1. Draw the yarn just so tight that the two chains lie side by side, and fasten it at both ends.

Finishing

- Wet the runner, lay it flat on a folded towel, pull it to its measures with its two sides alike and every loop open, pin it at the picots and the points, and let it dry.

In all: 2 pieces.
