Gauge

24 stitches and 26.4 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 1 7/8 in (4.8 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- For another hero change the yarns. Skin and hair that go well together: deep brown with black; warm brown with black brown, as written here; tan with dark brown; olive with black; peach with copper; ivory with honey blond. For the cheeks and the nose take a yarn one or two shades deeper than the skin. The suit, the cape and the mask can be any colors you like. The doll is worked in the same way.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With D," (or another letter), work the last pull-through of the round before it in D. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Body and head: the center line runs between stitches 13 and 14 of round 1 (26 sts). It faces the front, round 1 at the bottom.
- Hair cap: the center line runs between stitches 24 and 25 of round 8 (48 sts). It faces the front, round 1 at the back.
- Cloud: the center line runs between stitches 27 and 28 of round 9 (54 sts). It faces the front.
- Right and left are as you look at the front of the doll. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in G (black).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 29.7 rounds to 4 in (10 cm): about 8 in (20.5 cm) tall with the cloud and the hair puffs; eyes 7 mm; multiply lengths by 0.89; about 0.89 times the yarn.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Large: medium (4, worsted) yarn, 3.5 mm (E-4) hook, 20 sc and 22 rounds to 4 in (10 cm): about 10¾ in (27.5 cm) tall with the cloud and the hair puffs; eyes 10 mm; multiply lengths by 1.2; about 1.2 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 19¾ in (50 cm) tall with the cloud and the hair puffs; eyes 17 mm; multiply lengths by 2.2; about 2.2 times the yarn.

Body and head

Yarns in order of use: B, plum; D, coral; A, warm brown.

Hold the two legs side by side. The yarn is still on the second leg: carry it straight across to the first one and begin round 1 there, in the stitch after its last stitch; when all 13 of its stitches are worked, go on round the second leg, beginning in the stitch after the one the yarn came from. When round 2 is done, close the small gap between the two from the inside with the tail of the first leg.

The center line is in front, midway between the two legs. Stuff as you go, through the open top: the body firmly when round 14 is done, and the neck hard when round 19 is done, so that the head does not wobble.

☐ **Foundation**	Hold the two legs side by side.	
☐ **Rnd 1 (RS)**	With right sides facing out, sc in each of the 13 sts of one leg, then sc in each of the 13 sts of the other leg	(26 sc)

Sew on the mask now. Lay it flat across the face of the body and head, so that it runs from left to right: its middle (round 10) lies on the center line, over about rounds 27 to 29. The two widest parts (rounds 5 and 6, and rounds 14 and 15) lie over about rounds 26 to 30, the place between their two rounds 4 stitches from the center line. The two tips (rounds 1 and 19) lie on round 29, about 8 stitches from the center line. Sew the mask down all the way round its edge with its tail, through both layers. Then fix the eyes (see Finishing), through both layers of the mask and the head under it, in the middle of the two widest parts: between rounds 5 and 6 and between rounds 14 and 15 of the mask, over round 28 of the head, 4 stitches from the center line. Then stuff the head firmly, and keep adding stuffing until the last round.

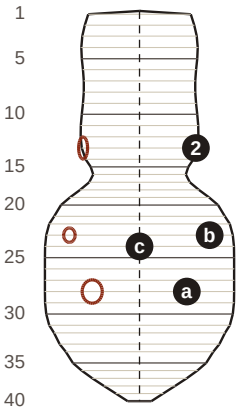
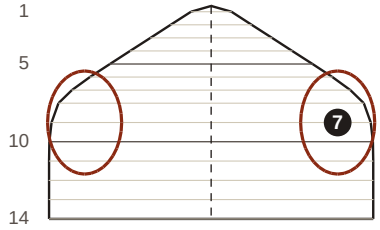
Assembly



Body and head: 2 arms, a eyes, b cheeks, c nose



Hair cap: 7 hair puffs

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Lay the badge flat on the body and head, right side out, its round 1 on the center line, between rounds 10 and 11, the place where its rounds begin at the bottom. Sew down all 18 stitches of the edge.

2. Pin the two arms to the body and head: the middle of each open edge lies on round 13, one to each side, 6½ stitches from the center line (13 stitches apart). The edge (9 sts) covers about rounds 12 to 14 of the body and head. They point out to the side, turn down at the elbow (rounds 8 to 11 of the arm) and come back in toward the body, so that each fist (rounds 1 to 4) rests on the hip, its tip on round 4 of the body and head, 5 stitches from the center line. Bend each as you pin it, and hold the elbow with running stitches along the under side of the arm, from round 12 to round 7, to and fro twice, drawn up until it stays bent. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft. Catch each fist to the hip with three or four small stitches.

3. The foundation chain of the long cape is its neck edge. Hold the long cape with its right side out and the chain at the top, behind the neck: with a new length of C (mint), sew the 12 chains along round 16 of the body and head (18 sts, the neck), the middle of the chain on the line opposite the center line, 6 stitches to each side of it, so that its ends lie 3 stitches from the center line. The rest hangs free, over the shoulders and behind the arms.

4. Lay the short cape over the long one, right side out, its foundation chain along the chain of the long cape, end to end with it. With a new length of D (coral), sew its 12 chains to round 16 in the same place, through the edge of the long cape.

5. Cape collar: hold it with its foundation chain up and the right side out. Lay it round the neck, over the upper edges of the two capes, its middle at the back, on the line opposite the center line, and its two short ends meeting in front, on the center line. The foundation chain (24 chains) lies on round 16 of the body and head all the way round, and row 3 over round 14, flat on the shoulders. Sew the two short ends together with the tail, then, with a new length of D (coral), sew the foundation chain to round 16 all the way round, easing it in a little: four chains go to every three stitches. At the back sew through the edges of the capes too. Row 3 is free.

6. Pull the hair cap over the head, right side out, its center line in front, the middle of its round 1 at the back of the head, on round 35 of the body and head, on the line opposite the center line. Pin that middle first. Its edge (round 14) lies on round 32 on the center line in front, on round 28 at 8 stitches from the center line, on round 26 at the two sides (11½ stitches from the center line) and on round 20 at the back, on the line opposite the center line: pin it at these places, then between them. With the thickness of the fabric the cap is as deep as the head is under it. Sew all 48 stitches of the edge down with the tail; where it meets or covers a tip of the mask, sew through both.

7. Pin the two hair puffs to the hair cap: the middle of each open edge lies on round 9, one to each side, 7 stitches from the center line (14 stitches apart). The edge (18 sts) covers about rounds 6 to 12 of the hair cap. They point out to the side and up. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

8. The nine cloud puffs go round the side of the cloud before the girl stands on it. The middle of each open edge (15 sts) lies on round 13 of the cloud, and the edge covers rounds 11 to 15. First sew on the five cloud puffs of the front and the sides: one on the center line of the cloud, and two to each side of it, 6 and 12 stitches from the center line. They point straight out, and their lower sides rest on the table with the bottom of the cloud. Sew each all the way round with its tail, adding a little stuffing before the last few stitches.

9. Sew on the four cloud puffs of the back in the same way, two to each side, 18 and 24 stitches from the center line, so that all nine are 6 stitches apart. Then catch each puff to the next, where they touch, with two or three small stitches.

10. Feet of the two legs: the foot is rounds 1 to 6 of the leg. Its front is straight below the place 3 stitches from the center line on round 1 of the body and head, so that the toes look to the front. Bend the foot forward until it is at a right angle to the leg, and with a new length of C (mint) take running stitches up the front of the ankle from round 6 to round 10, to and fro twice, and draw them up until the foot stays bent.

11. Stand the girl in the middle of the cloud, her center line and the center line of the cloud both in front, the two feet side by side and about 3/8 in (10 mm) apart: the middle of the top of the cloud (round 22) lies midway between the two feet, as far from the toes as from the heels. The soles then lie inside round 16 of the cloud, clear of the puffs. With a new length of C (mint), sew each foot to the cloud all the way round its sole, going round twice.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand on the wrong side of a flat piece, inside a stuffed one. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Heart: with B (plum), in satin stitch, a heart about 7/16 in (11 mm) wide and 7/16 in (11 mm) tall in the middle of the badge, its middle over round 1.
- Eyes: two 8 mm black plastic eyes, on the body and head on round 28, one to each side, 4 stitches from the center line (8 stitches apart).
- Cheeks: with H (brick rose), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the body and head on round 23, one to each side, 6½ stitches from the center line (13 stitches apart).
- Mouth: with G (black), in backstitch, a smile, one curve about ½ in (13 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the body and head on round 22, one to each side of the center line.
- Nose: with H (brick rose), in satin stitch, an oval about 3/16 in (5 mm) wide and 1/8 in (3 mm) tall, its middle on the body and head on round 24, on the center line.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 23 pieces; 6,631 stitches.
