What you need

Yarn A: cream, the main color	**about 195 yd (178 m), an estimate**
Yarn B: berry, several of the pieces	**about 100 yd (91 m), an estimate**
Yarn C: petal pink, puff sleeve, skirt, collar side and the details	**about 50 yd (46 m), an estimate**
Yarn D: dark brown, the details	**about 5 yd (5 m), an estimate**
Yarn E: oat, muzzle	**about 5 yd (5 m), an estimate**

By weight: about 180 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 3.5 mm (US E-4), or the size that gives you the gauge. Also: toy stuffing, a yarn needle, a stitch marker, pins, scissors, one flat button about 3/8 in (10 mm) across with sewing thread and two black plastic eyes with washers, 10 mm.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

The pieces

Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- The dress comes off. At the size written here it measures about 6 in (15 cm) round the neck, 9¼ in (23.5 cm) round the chest, 8½ in (21.5 cm) round the waist and 4¼ in (11 cm) from neck to hem; each puff sleeve is 3¼ in (8.3 cm) round the cuff. For another bear, measure the bear, and choose the size whose measures are about ¾ in (2 cm) more than the bear round the chest and the waist.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With C," (or another letter), work the last pull-through of the round or row before it in the new color. Cut the old yarn and weave the ends in on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 27 and 28 of round 11 (54 sts). It faces the front, round 1 at the top.
- Body: the center line runs between stitches 18 and 19 of round 6 (36 sts). It faces the front. Leg: the center line runs through the middle of stitch 11 of round 4 (21 sts). This piece lies with its center line along the top, round 1 at the front end.
- Right and left are as you look at the front of the toy. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in D (dark brown).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): 4¾ in (12 cm) tall sitting; eyes 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): 9 in (23 cm) tall sitting; eyes 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): 11¼ in (28.5 cm) tall sitting; eyes 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.

Bodice

Yarn B, berry.

Worked flat, to and fro in rows, 30 stitches wide at the start. The ch 1 at the start of a row does not count as a stitch.

Worked from the neck down, in one piece that opens along the center back: the chain is the neck, the two ends of the rows are the back edges and row 10 is the waist. The side of row 1 that faces you is the right side, and it is the outside.

Row 6 makes the two armholes: in it each group of 9 chains stands over 9 stitches of row 5 that are left unworked, and counts as 9 stitches. In row 7 work 1 sc in each of the chains as you come to it.

☐ **Foundation**	With B, ch 31.	
☐ **Row 1 (RS)**	Sc in second ch from hook and in each ch across	(30 sc)

☐ **Rows 7 to 9**	Ch 1, turn, sc in each st across	(46 sc)

Assembly

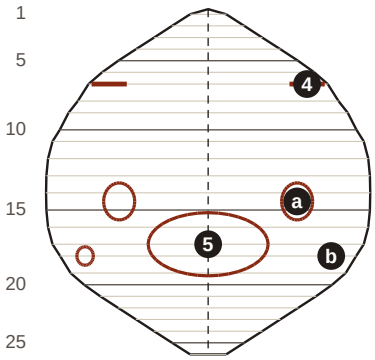
Body: 2 legs, 3 arms



Head: 4 ears, 5 muzzle, a eyes, b cheeks

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Set the head on the open edge of the body (24 sts), center lines in line: the edge lies on round 23 of the head (24 sts). With the tail of the body, sew every stitch of the edge to the head, and top up the stuffing in the neck before the last stitches so that the head does not wobble.

2. Pin the two legs to the body: the middle of each open edge lies on round 6, one to each side, 5½ stitches from the center line (11 stitches apart). The edge (17 sts) covers about rounds 3 to 9 of the body. They point forward and a little out to the side, lying along the table, the center line of each on top. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

3. Pin the two arms to the body: the middle of each open edge lies between rounds 17 and 18, one to each side, 6½ stitches from the center line (13 stitches apart). The edge (12 sts) covers about rounds 16 to 19 of the body. They point out to the side and down, turn down by about round 8 of the arm and forward by the tip. Bend each as you pin it, and hold each bend with a few running stitches, drawn up a little, on the side it turns toward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

4. Pin the two ears to the head: the middle of each flat edge lies on round 7, one to each side, 8½ stitches from the center line (17 stitches apart). The flat edge lies with its upper end on about round 3, 3 stitches from the center line, and its lower end on about round 11, 11½ stitches from it. They point up and out to the side. Sew through both layers of the 7-stitch edge with the tail.

5. Pin the muzzle to the head: the middle of the open edge lies on round 17, on the center line. The edge (20 sts) covers about rounds 15 to 19 of the head. It points forward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

6. Sew the two puff sleeves into the armholes of the bodice, from the outside, everything right side out: the beginning of the rounds (where the tail hangs) lies at one end of the 9 chains of row 6. With the tail, sew 9 stitches of the last round to the 9 chains, stitch to chain, then the other 9 stitches to the 9 skipped stitches of row 5, back to where you began. The armhole has 18 places and the puff sleeve 18 stitches. The rest of the puff sleeve stands out from the bodice.

7. Skirt: hold the waist of the bodice and the chain edge of the skirt together edge to edge, both right side out, the beginning of the skirt at the two back edges of the bodice, which meet there without a lap. With the tail of the bodice, sew the 42 stitches of its last row to the 42 chains, stitch to chain, all the way round. The back of the bodice stays open.

8. Lay the two collar sides on the bodice, right side up, one to each side: row 1 of each (14 sts) lies along the neck edge, one end of it at the center front, between stitches 15 and 16 of row 1 of the bodice, and the other end one stitch from the back edge. Sew the foundation chain of each collar side to the neck edge of the bodice, chain to chain (14 chains). The last row of each lies loose on the shoulder and the chest.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

9. Bow: for the middle of the bow, thread the needle with a new length of B (berry), 20 in (51 cm) long. Wind it three times, pulled snug, round the middle (round 5), and knot it at the back. With the ends, sew the middle of the bow to the head on round 7, 6½ stitches to the left of the center line, at the foot of the left ear, its two loops slanting: the inner one lower.

10. Button: sew the button to the right side of one back edge of the bodice, on the end stitch of row 1, just below the neck chain. On the other back edge, with B (berry), work a loop: sl st in the edge at row 1, ch 5, sl st in the edge at row 2, fasten off and weave in the ends.

11. Dress the bear: slip the dress on feet first, its opening at the back, put the arms into the puff sleeves and button the neck. Spread the skirt over the legs, so that the feet look out from under the hem.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand on the wrong side of a flat piece, inside a stuffed one. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 10 mm black plastic eyes, on the head between rounds 14 and 15, one to each side, 5 stitches from the center line (10 stitches apart).
- Nose: with D (dark brown), in satin stitch, a triangle with its point down about 5/16 in (8 mm) wide and 3/16 in (5 mm) tall, its middle on the muzzle, centered, 5/16 in (8 mm) above the middle of the muzzle.
- Mouth: with D (dark brown), in backstitch, a straight line down, 1/16 in (2 mm) long, and from its lower end two small smile curves side by side, one to each side, about 3/8 in (10 mm) wide and ¼ in (6 mm) tall in all, starting at the bottom of the nose.
- Cheeks: with C (petal pink), in satin stitch, an oval about 5/16 in (8 mm) wide and 3/16 in (5 mm) tall, its middle on the head on round 18, one to each side, 7½ stitches from the center line (15 stitches apart).
