BLO	back loop only

Special stitches

bobble: [yarn over, insert hook in the stitch, pull up a loop, yarn over, pull through 2 loops] 4 times in the same stitch, yarn over, pull through all 5 loops (United Kingdom: a bobble of 4 trebles). Push it out to the right side. It leaves 1 st for the next row or round.

Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Before you start

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- The kings are named after their robes. Choose any skin tones and hair colors you like.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With C," (or another letter), work the last pull-through of the round before it in C. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Plum king head: the center line runs between stitches 18 and 19 of round 7 (36 sts). It faces the front, round 1 at the top.
- Emerald king head: the center line runs between stitches 18 and 19 of round 7 (36 sts). It faces the front, round 1 at the top.
- Gold king head: the center line runs between stitches 18 and 19 of round 7 (36 sts). It faces the front, round 1 at the top.
- Plum king robe: the center line runs between stitches 21 and 22 of round 7 (42 sts). It faces the front.
- Emerald king robe: the center line runs between stitches 21 and 22 of round 7 (42 sts). It faces the front.
- Gold king robe: the center line runs between stitches 21 and 22 of round 7 (42 sts). It faces the front.
- Right and left are as you look at the front of the figures. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in G (charcoal).

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): each king about 4½ in (11.5 cm) tall with his crown; eyes 6 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): each king about 8¾ in (22 cm) tall with his crown; eyes 11 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): each king about 11 in (28 cm) tall with his crown; eyes 15 mm; multiply lengths by 1.8; about 1.8 times the yarn.

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sc is double crochet.

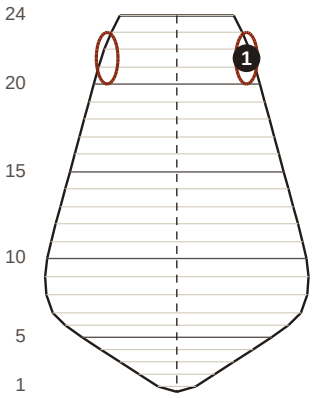
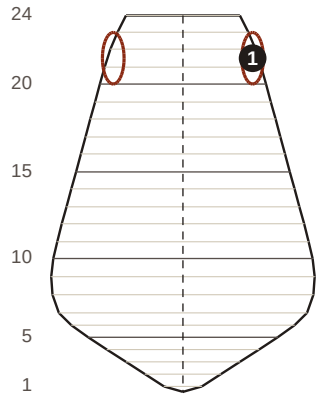
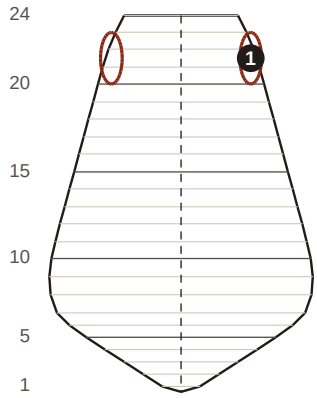
Assembly



Plum king robe: 1 plum king arms



Emerald king robe: 1 emerald king arms



Gold king robe: 1 gold king arms

Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Lay the plum king cloak round the back of the plum king robe, right side out, its foundation chain along round 23 of the robe: the middle of the chain is on the line opposite the center line of the robe, and its two ends are about 3 stitches from the center line, one on each side. With a new length of the yarn of row 1, sew the chain to the robe, and catch the two lower corners of the cloak to the robe with two stitches each.

2. Pin the two plum king arms to the plum king robe: the middle of each open edge lies between rounds 21 and 22, one to each side, 4½ stitches from the center line (9 stitches apart). The edge (9 sts) covers about rounds 20 to 23 of the plum king robe. They point down and out to the side, turn forward by about round 5 of the plum king arm and in toward the middle by the tip. Bend each as you pin it, and hold each bend with a few running stitches, drawn up a little, on the side it turns toward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft. They lie over the front edges of the cloak: sew through the cloak and the robe.

3. Set the plum king head on the open edge of the plum king robe (18 sts), center lines in line: the edge lies on round 15 of the plum king head (18 sts). With the tail of the plum king robe, sew every stitch of the edge to the plum king head, and top up the stuffing in the neck before the last stitches so that the plum king head does not wobble.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

4. Pull the plum king hair down over the plum king head, tipped toward the back, so that its round 1 lies about two rounds behind round 1 of the head and its edge lies on about round 7 of the head in front and on about round 11 at the back. Sew the edge (36 sts) down all the way round.

5. Lay the plum king beard across the front of the plum king head, right side out, its foundation chain in a curve like a smile: the middle of the chain is on round 14 of the head, on the center line, and its two ends are on round 10, about 8 stitches from the center line, one on each side. With a new length of its yarn, sew the chain and the ends of the first two rows on each side to the head. The rest hangs free in front.

6. Bend the plum king crown into a ring, right side out, and with a new length of C (gold) sew its last row to its foundation chain, stitch to chain. The straight long edge is the lower edge and the five points stand up. Set the crown on the plum king hair with this seam at the back, on the line opposite the center line of the head: the lower edge (the ends of 31 rows) lies level all the way round, on about round 7 of the hair in front and on about round 3 at the back, so that the middle point, row 16, is in front. Sew the lower edge to the hair and the head all the way round, eased to fit.

7. Set the gift chest against the front of the plum king robe, on the center line, round 1 at the bottom, its middle level with round 17 of the robe, so that its top is just under the lower edge of the plum king beard; if the tip of the beard reaches the gift, the beard lies in front of it. Sew it to the robe where the two touch, in a circle of about 8 stitches. Then lay the two hands against its sides and sew each hand to it with three stitches.

8. Lay the emerald king cloak round the back of the emerald king robe, right side out, its foundation chain along round 23 of the robe: the middle of the chain is on the line opposite the center line of the robe, and its two ends are about 3 stitches from the center line, one on each side. With a new length of the yarn of row 1, sew the chain to the robe, and catch the two lower corners of the cloak to the robe with two stitches each.

9. Pin the two emerald king arms to the emerald king robe: the middle of each open edge lies between rounds 21 and 22, one to each side, 4½ stitches from the center line (9 stitches apart). The edge (9 sts) covers about rounds 20 to 23 of the emerald king robe. They point down and out to the side, turn forward by about round 5 of the emerald king arm and in toward the middle by the tip. Bend each as you pin it, and hold each bend with a few running stitches, drawn up a little, on the side it turns toward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft. They lie over the front edges of the cloak: sew through the cloak and the robe.

10. Set the emerald king head on the open edge of the emerald king robe (18 sts), center lines in line: the edge lies on round 15 of the emerald king head (18 sts). With the tail of the emerald king robe, sew every stitch of the edge to the emerald king head, and top up the stuffing in the neck before the last stitches so that the emerald king head does not wobble.

11. Pull the emerald king hair down over the emerald king head, tipped toward the back, so that its round 1 lies about two rounds behind round 1 of the head and its edge lies on about round 7 of the head in front and on about round 11 at the back. Sew the edge (36 sts) down all the way round.

12. Bend the emerald king crown into a ring, right side out, and with a new length of C (gold) sew its last row to its foundation chain, stitch to chain. The straight long edge is the lower edge and the five points stand up. Set the crown on the emerald king hair with this seam at the back, on the line opposite the center line of the head: the lower edge (the ends of 31 rows) lies level all the way round, on about round 7 of the hair in front and on about round 3 at the back, so that the middle point, row 16, is in front. Sew the lower edge to the hair and the head all the way round, eased to fit.

13. Set the gift jar against the front of the emerald king robe, on the center line, round 1 at the bottom, its middle level with round 18 of the robe. Sew it to the robe where the two touch, in a circle of about 8 stitches. Then lay the two hands against its sides and sew each hand to it with three stitches.

14. Lay the gold king cloak round the back of the gold king robe, right side out, its foundation chain along round 23 of the robe: the middle of the chain is on the line opposite the center line of the robe, and its two ends are about 3 stitches from the center line, one on each side. With a new length of the yarn of row 1, sew the chain to the robe, and catch the two lower corners of the cloak to the robe with two stitches each.

15. Pin the two gold king arms to the gold king robe: the middle of each open edge lies between rounds 21 and 22, one to each side, 4½ stitches from the center line (9 stitches apart). The edge (9 sts) covers about rounds 20 to 23 of the gold king robe. They point down and out to the side, turn forward by about round 5 of the gold king arm and in toward the middle by the tip. Bend each as you pin it, and hold each bend with a few running stitches, drawn up a little, on the side it turns toward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft. They lie over the front edges of the cloak: sew through the cloak and the robe.

16. Set the gold king head on the open edge of the gold king robe (18 sts), center lines in line: the edge lies on round 15 of the gold king head (18 sts). With the tail of the gold king robe, sew every stitch of the edge to the gold king head, and top up the stuffing in the neck before the last stitches so that the gold king head does not wobble.

17. Pull the gold king hair down over the gold king head, tipped toward the back, so that its round 1 lies about two rounds behind round 1 of the head and its edge lies on about round 7 of the head in front and on about round 11 at the back. Sew the edge (36 sts) down all the way round.

18. Lay the gold king beard across the front of the gold king head, right side out, its foundation chain in a curve like a smile: the middle of the chain is on round 14 of the head, on the center line, and its two ends are on round 10, about 7 stitches from the center line, one on each side. With a new length of its yarn, sew the chain and the ends of the first two rows on each side to the head. The rest hangs free in front.

19. Bend the gold king crown into a ring, right side out, and with a new length of C (gold) sew its last row to its foundation chain, stitch to chain. The straight long edge is the lower edge and the five points stand up. Set the crown on the gold king hair with this seam at the back, on the line opposite the center line of the head: the lower edge (the ends of 31 rows) lies level all the way round, on about round 7 of the hair in front and on about round 3 at the back, so that the middle point, row 16, is in front. Sew the lower edge to the hair and the head all the way round, eased to fit.

20. Set the gift urn against the front of the gold king robe, on the center line, round 1 at the bottom, its middle level with round 16 of the robe, so that its top is just under the lower edge of the gold king beard; if the tip of the beard reaches the gift, the beard lies in front of it. Sew it to the robe where the two touch, in a circle of about 8 stitches. Then lay the two hands against its sides and sew each hand to it with three stitches.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: 8 mm black plastic eyes, two on the head of each king, each pair between rounds 9 and 10, one to each side, 3 stitches from the center line (6 stitches apart).
- Cheeks, the plum king: with I (rose), in satin stitch, an oval about 3/16 in (5 mm) wide and 1/8 in (3 mm) tall, its middle on the plum king head between rounds 10 and 11, one to each side, 5 stitches from the center line (10 stitches apart).
- Mouth, the plum king: with I (rose), in backstitch, a smile, one curve about 5/16 in (8 mm) wide that dips 1/8 in (3 mm) below its ends. Its two ends are on the plum king head on round 11, one to each side of the center line.
- Jewel, the plum king: with B (emerald), in satin stitch, an oval about ¼ in (6 mm) wide and 5/16 in (8 mm) tall, in the middle of row 16 of the plum king crown, which is at the front: its middle is half way between the lower edge and the tip of the point.
- Side jewels, the plum king: with A (plum), in satin stitch, two ovals, each about 3/16 in (5 mm) wide and ¼ in (6 mm) tall, one on row 12 and one on row 20 of the plum king crown, their middles half way between the lower edge and the upper edge there.
- Cheeks, the emerald king: with I (rose), in satin stitch, an oval about 3/16 in (5 mm) wide and 1/8 in (3 mm) tall, its middle on the emerald king head on round 11, one to each side, 4½ stitches from the center line (9 stitches apart).
