Gauge

18 stitches and 9½ rows to 4 in (10 cm) in double crochet.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Ch 29; begin in the 3rd ch from the hook and work 14 rows of double crochet on 27 sts, about 6 in (15 cm) wide and 6 in (15 cm) high, and measure 4 in (10 cm) in the middle. Use a larger hook if your swatch is small, a smaller one if it is large. Lace: a V-stitch and a shell side by side are as wide as 8 sts, and the rows are as high as rows of double crochet (UK: treble). Rows of half double crochet (UK: half treble): 15 to 4 in (10 cm); rows of single crochet (UK: double crochet): 21 to 4 in (10 cm).

Notes

- Below the yoke the jacket hangs like a cape: around its lower edge it is from 13¼ in (33.5 cm) to 21¾ in (55 cm) wider than the bust, by the size. Choose by the bust; no fit is promised beyond the measurements given.
- The turning chain (ch 1 for single and half double crochet, ch 2 for double crochet) never counts as a stitch. Work the first stitch of every row into the first stitch, at the base of the turning chain, and "dc in last st" into the last dc of the row below. The ch 1 at the start of a round of the sleeve edging does not count either, and the first sc of the round goes into the stitch at its base.
- The lace is of V-stitches (dc, ch 1, dc) and shells (2 dc, ch 2, 2 dc). Each stands in the chain space of its like in the row below: nothing is worked into the dc between, but where a row names a st. In the sleeve, the ch 3 near the lower edge makes the holes for the ribbon.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Odd rows are right side rows. The panels are worked sideways: their rows run up and down the jacket, and their row ends are the top and the lower edge. Both ends of the rows of the back and the fronts are alike.
- To work into a chain space, insert the hook under the whole chain. To work into the end of a dc row, insert the hook under the whole edge dc.
- The ruched bands of the yoke: in a row of yarn B every stitch becomes two, and two rows later every two become one, so that the band puckers.
- A decrease counts as one stitch.
- Where nothing else is said, sew with lengths of yarn about 2½ times as long as the seam.
- Color changes in rows: work the last yarn over of the last stitch of the row before with the new yarn. Cut the old yarn, leaving an end of about 6 in (15 cm), or, if it is needed again at the same edge within 6 rows and that edge is straight, carry it loosely up the edge.

Assembly

1. Panels: lay the pieces side by side with their right sides up and their top edges away from you (of the back and the fronts either end of the rows may be the top), from left to right: left front, left sleeve, back, right sleeve, right front. The last row of each front lies at the outside and is its front edge. With right sides together and yarn A, sew each piece to the next along the first 22 sts from the top edge, st to st (or ch to st): the foundation chain of a front to one side of a sleeve, and the other side of that sleeve to a side of the back. These four seams are about 5 in (12.5 cm) long.

2. Yoke: work it now, as written above.

3. Sides and sleeves: fold the jacket at the shoulders, right sides together. With yarn A sew the 43 sts that are left of the two sides of each sleeve to each other, from the lower edge of the sleeve to the underarm, and then the 39 sts that are left of the side of each front to those of the back, from the underarm to the lower edge.

4. Front and neck edging: work it now, as written above.

5. Lower edging: work it now, as written above.

6. Sleeve edging: work it now, as written above, on both sleeves.

7. Neck ribbon: cut a piece 55 in (140 cm) long. Draw it through the 38 ch-1 sps of row 17 of the yoke, from the right side to the wrong side through the first, from the wrong side to the right side through the second and so on, so that both ends come out on the right side at the front edges. Tie them in a bow.

8. Sleeve ribbons: cut two pieces, each 34 in (85 cm) long. The 36 ch-3 sps of a sleeve make a line of holes around its lower edge. Begin at the middle of the outside of the sleeve, opposite the seam: draw the ribbon from the right side to the wrong side through one hole and from the wrong side to the right side through the next, all the way around, until it comes out on the right side through the hole beside the one it began in. Draw the sleeve in as you like and tie the ends in a bow.

9. Cut the ends of the ribbons slantwise. Weave in all the ends. Wash as the yarn label says and lay flat to the measurements to dry.

Finishing

- Weave in every end on the wrong side.

In all: 5 pieces; 12,928 stitches (2,882 in the back, 1,456 in each front, 1,822 in each sleeve, 2,350 in the yoke, 482 in the front and neck edging, 506 in the lower edging, 76 in each sleeve edging).
