What you need

Yarn A: deep navy, the hat, the scarf and the fringe **about 575 yd (526 m), an estimate**

Yarn B: dark mustard, the cuff and the scarf ends **about 115 yd (105 m), an estimate**

By weight: about 350 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 5.5 mm (US I-9), or the size that gives you the gauge. Also: a soft tape measure, a yarn needle and scissors.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Gauge

13 stitches and 10 rows to 4 in (10 cm) in half double crochet in back loops, worked in rows. Along a row, count every stitch and every chain between stitches as one.

The gauge is measured on the panel itself, laid flat and not stretched, after the tenth row: along a row, which checks the stitches, and then across the rows, in the place that line names, which sets the size round. Below, "round" is measured across the rows in the same way, not stretched.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 10, lay the panel flat without stretching it and measure it along a row: it should be about 9½ in (24 cm) long.

Notes

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears, and choose the size whose head measurement is nearest. The ribs stretch, so each size is made smaller round than the head it is for, measured flat and not stretched. The table of sizes gives both measures of each.
- The chain at the start of a row does not count as a stitch. After the turn the first stitch of the row goes into the stitch nearest the hook, which is the last stitch of the row before, and the last goes into the first stitch of the row before, so that every row has the same number of stitches; the chains skipped at the start of row 1 do not count either.
- Back loop only: of the two loops at the top of a stitch work under the one that lies farther from you as you work, on the right side and on the wrong side alike.
- The number at the end of each line is the number of stitches it has when it is finished; chains and slip stitches that are not named there are not counted.
- Whip stitch: hold the two edges together and sew them over and over, the needle always going in from the same side, through one stitch of each edge at a time.
- The cuff and the scarf are worked in rows: the chain at the start of a row does not count as a stitch, and the first stitch after the turn goes into the last stitch of the row before.
- The cuff and the scarf are worked like the panel of the hat: half double crochet in rows, in the back loop only from row 2 on.
- Where the scarf changes yarn, make the last yarn over of the last stitch of the row before with the new yarn and cut the old one, leaving a tail of 6 in (15 cm).

The heavy box is where you stop and measure.

4 5 6 7 8 9 **10**

> **Stop and measure now, after row 10.** Lay the panel flat without stretching it and measure it along a row: it should be about 9½ in (24 cm) long. Then measure across the rows, in the part that is half double crochet and not at the single crochet end: the 10 rows, not stretched, should measure about 4 in (10 cm) from the outer side of row 1 to the outer side of row 10. This sets the size round: if they measure more, begin again with a smaller hook; if less, with a larger one. If the 10 rows measure right and the row is longer or shorter than it should be, keep the hook: the hat only comes out that much deeper or shallower.

☐ **Rows 11 to 48**	Repeat rows 2 and 3 in turn: every even-numbered row is worked as row 2, every odd-numbered row as row 3.

Assembly

1. Seam: fold the panel in half with the right side in, so that the last row lies against the beginning chain. With the long tail, whip stitch them together from end to end, one stitch of the last row to one chain. Fasten off and turn the hat right side out.

2. Top: the top is the edge where the rows have their single crochet stitches. Cut a strand of yarn A 55 in (140 cm) long and thread it in the needle. Run it in and out through the edge all the way round, taking one stitch in the end of every second row. Pull it up tight so that the top closes, run it round once more through the same places, pull again, and fasten it firmly on the inside.

3. Cuff: fold the cuff in half with the right side in, so that its last row lies against its beginning chain, and with the long tail whip stitch them together, one stitch of the last row to one chain, 8 pairs. Do not cut the tail: it now hangs at the other end of the seam. Turn the cuff right side out: it is a ring. The lower edge of the hat is the edge where its rows have their half double crochet stitches. Pull the cuff over the outside of the hat, right side out, so that the edge of the cuff where the long tail now hangs lies level with the lower edge of the hat and the two seams lie on each other. With that tail whip stitch the two edges together all round, the end of one row of the cuff to the end of one row of the hat, 48 in all. The upper edge of the cuff stays free, like a brim that is turned up.

4. Fringe of the scarf: cut 44 strands of yarn A, each 9 in (23 cm) long. For one knot fold 2 strands in half, pull the fold with the hook through the edge at the end of the scarf from the right side (the side that faced you in row 1) to the other side, put the four ends through the fold and pull the knot tight. Make 11 knots along each short end, in the first stitch and in every second stitch after it, the last one in the last stitch; along the beginning chain one chain counts as one stitch. Trim the fringe level, to about 4 in (10 cm).

Finishing

- Weave in every end on the inside of the hat.
- Weave in the ends of the scarf along its rows, on the side that faced away from you in row 1.

In all: 3 pieces; 5,022 stitches (1,488 in the hat, 384 in the cuff, 3,150 in the scarf).
