Gauge

16 stitches and 18 rows to 4 in (10 cm) in single crochet. Along a row, count every stitch and every chain between stitches as one.

16 stitches and 8 rows to 4 in (10 cm) in double crochet. In the shells, ten rows are about 5 in (12.5 cm) tall. The waffle, the ribs and the moss stitch have the same stitches to 4 in (10 cm) as the rest, not stretched.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Lay it flat and count the stitches and rows over 4 in (10 cm) in its middle. There should be 16 stitches and 18 rows. If you count more stitches than that, change to a larger hook; if you count fewer, change to a smaller hook. The swatch can be pulled out and its yarn used again.

Swatch foundation	Ch 25.	
Swatch row 1 (RS)	Sc in 2nd ch from hook and in each ch across	(24 sc)
Swatch rows 2 to 27	Ch 1, turn; sc in each st across	(24 sc)

Notes

- The chain of 1 at the start of a row of single crochet, bobbles or moss stitch, and the chain of 2 at the start of a row of the waffle and the ribs, do not count as a stitch. In the shells the chain of 3 counts as a double crochet (UK treble) and stands on the first stitch, which is the one called same st; the last single crochet of the next row goes into its top.
- FPdc and BPdc, front and back post double crochet (UK raised treble, front and back): yarn over, put the hook round the post of the stitch below, from the front for FPdc and from the back for BPdc, and complete a double crochet (UK treble). On the wrong side BPdc is worked where the column stands out on the right side.
- Waffle: every third stitch is a raised column on the right side. Between the columns two stitches are plain double crochet in the right side rows, and front post stitches in the wrong side rows, which makes the level bars on the right side.
- Bobbles are worked in wrong side rows and pushed out to the right side; every row between is single crochet.
- Moss stitch: from row 3 on each single crochet goes into a chain-1 space, and each chain of 1 passes over a single crochet. The first and the last stitch of every row are single crochet on single crochet. The last row is single crochet in every stitch and every space.
- Shells: each single crochet between two shells goes into the middle one of the 5 double crochet below, and each shell goes into a single crochet. In the last row work into every stitch.
- In the edges of the pockets, at a side, work the number of single crochet that is said in the end of each row: 2 at a row of double crochet or shells, 1 at a row of single crochet. Along the foundation chain work one under each chain. The 3 single crochet in one place turn a corner.
- The panel is in A, the waffle pocket in B, the bobble pocket in C, the moss stitch pocket in D, the ribbed pocket in E, the shell pocket in F, and all the edges in G.

Assembly

1. Weave in all the tails on the wrong side of each part, but leave the tail of 60 in (152.5 cm) on the panel and the long tail on the edge of each pocket.

2. The sleeve. Lay the panel with its wrong side up and row 132 away from you. Fold the last 5 rows, rows 128 to 132, toward you, with the fold along the top of row 127. They lie on the 5 rows before them, rows 123 to 127, and the top of row 132 lies at the top of row 122. The folded part is on the wrong side. With the tail of 60 in (152.5 cm), which hangs at one end of row 132, sew that edge down: bring the needle up through a stitch of row 132 and down through a stitch of row 122, taking only the back of it so that nothing shows on the right side, 60 stitches from one side to the other. The two ends of the sleeve stay open. Fasten off and draw the end inside the sleeve.

3. Place the pockets. Lay the panel with its right side up and the foundation chain toward you; stitch 1 is at your left. Every pocket lies right side up with its last row at the top. The waffle pocket (top left): its left edge just after stitch 3 of the panel, its right edge just after stitch 29, its bottom edge on row 88, its top corners on row 112. The bobble pocket (top right): its left edge just after stitch 31 of the panel, its right edge just after stitch 57, its bottom edge on row 88, its top corners on row 112. The moss stitch pocket (middle, across the width): its left edge just after stitch 3 of the panel,

its right edge just after stitch 57, its bottom edge on row 47, its top corners on row 75. The ribbed pocket (bottom left): its left edge just after stitch 3 of the panel, its right edge just after stitch 21, its bottom edge on row 4, its top corners on row 34. The shell pocket (bottom right): its left edge just after stitch 23 of the panel, its right edge just after stitch 57, its bottom edge on row 4, its top corners on row 31. Pin the four corners of every pocket.

4. Each pocket is a little wider than its place, so that it stands out and holds more. How its bottom edge lies on the panel, counted as it is sewn, from its right corner to its left: Waffle pocket: 30 stitches along the bottom on 26 of the panel; [5 stitches one to one, then 2 stitches of the pocket on 1 of the panel] 4 times, then 2 one to one. Bobble pocket: 29 stitches along the bottom on 26 of the panel; [7 stitches one to one, then 2 stitches of the pocket on 1 of the panel] 3 times, then 2 one to one. Moss stitch pocket: 59 stitches along the bottom on 54 of the panel; [9 stitches one to one, then 2 stitches of the pocket on 1 of the panel] 5 times, then 4 one to one. Ribbed pocket: 20 stitches along the bottom on 18 of the panel; [8 stitches one to one, then 2 stitches of the pocket on 1 of the panel] 2 times. Shell pocket: 39 stitches along the bottom on 34 of the panel; [5 stitches one to one, then 2 stitches of the pocket on 1 of the panel] 5 times, then 4 one to one. The middle stitch of the 3 at a corner is the end of the bottom edge.

5. Sew each pocket with the long tail of its edge, which hangs at the top right corner. Begin there with two small stitches in one place. Bring the needle up through the edge of the pocket and down through the panel beneath, close beside the edge, one stitch for each stitch of the edge: down the right side, along the bottom from right to left, up the left side. The top stays open. End with two small stitches in one place at the top left corner, fasten off on the wrong side of the panel and weave in the end there.

6. With G, ch 120 for the hanging cord, about 24 in (61 cm) long, and fasten off with a tail of 6 in (15 cm) at each end. Push the dowel through the sleeve, so that it stands out about 1½ in (4 cm) at each side. Lay the last 3 in (7.5 cm) of the cord, the chain itself, round one end of the dowel, close to the panel, and tie it to the cord with a double knot; tie the other end of the cord round the other end of the dowel in the same way. About 18 in (45.5 cm) of cord is left between the two knots. Weave the tails back along the cord. Hang it by the middle of the cord.

Finishing

- Press the panel lightly under a damp cloth before the pockets are filled.

In all: 6 pieces.
