Stained glass rose window

US terms

Finished size
About 14¼ in (36 cm) across, in its hoop, without the hanging loop

Skill
Intermediate
Worked in rounds, with 13 pieces, color changes and 2 special stitches.

Yarn
Light (3), 5 colors

Hook
4 mm (US G-6)

Gauge
18 stitches and 19 rows to 4 in (10 cm)
In single crochet.

You will need

Yarn A: gold, rounds 1, 7 and 17 of the window and round 1 of the quatrefoils	**about 40 yd (37 m), an estimate**
Yarn B: ruby red, rounds 3, 9 to 13 and 19 of the window	**about 75 yd (69 m), an estimate**
Yarn C: cobalt blue, rounds 5 and 15 of the window	**about 30 yd (27 m), an estimate**
Yarn D: sky blue, round 2 of the quatrefoils	**about 40 yd (37 m), an estimate**
Yarn E: black, rounds 2, 4, 6, 8, 14, 16, 18, 20 and 21 of the window and round 3 of the quatrefoils	**about 100 yd (91 m), an estimate**

Hook: 4 mm (US G-6), or the size that gives you the gauge. Also: a yarn needle, scissors, a 14 in (36 cm) metal hoop (the notes give the hoop for another yarn), pins, a safety pin and a spray bottle.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Special stitches

FPtr (Front post treble crochet; UK FPdtr): Yarn over twice, insert the hook from front to back to front round the post of the stitch named, yarn over and pull up a loop, [yarn over and pull through 2 loops] 3 times. It leaves 1 FPtr for the next round.

FPdtr (Front post double treble crochet; UK FPtrtr): Yarn over 3 times, insert the hook from front to back to front round the post of the stitch named, yarn over and pull up a loop, [yarn over and pull through 2 loops] 4 times. It leaves 1 FPdtr for the next round.

Gauge

18 stitches and 19 rows to 4 in (10 cm) in single crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 8 the window measures about 5½ in (14 cm) across. If yours is larger, use a smaller hook; if it is smaller, use a larger hook.

Before you start

- Rounds are worked with the right side facing; do not turn.
- Magic ring: wrap the yarn round two fingers, work the first round or row into the loop, then pull the tail until the ring is closed. Four chains joined into a ring with a slip stitch may be used instead.
- A chain that counts as a stitch is marked so in its line and is included in the count.
- A chain 1 at the start of a round does not count as a stitch.
- Fasten off the old color, then join the new one with a slip stitch in the place named; the first stitch or chain of the line is worked in that same place.
- At the start of a round, same st is the stitch the round before was joined in; after a new color is joined, it is the stitch the color was joined in.
- A round worked in each st around begins in the st the round before was joined in, or the new color was joined in.
- The figures in brackets at the end of a line count its stitches and the chain spaces between them; slip stitches are not counted.
- An unworked st is a stitch that the round after it skipped. Work a front post stitch in front of the color it crosses, so that it lies on the right side as a raised black line, and leave the ch-1 sp behind it unworked: the next stitch of the round goes into the next stitch after that space.
- In Rnds 3 to 7, 16, 17 and 20 the new color is joined in the first st: the stitch in which the round before was joined, which is the first sc of that round or the top of the ch that began it.
- In Rnd 7 the 2 dc go into the FPdtr between two petals.
- Rnd 21 is worked round the hoop. Hold the panel with its right side facing you and the edge you work on at the top, with the hoop behind that edge and the yarn behind the hoop. For each sc: put the hook into the st from front to back and on below the hoop, yarn over behind the hoop, draw this loop back below the hoop and through the st and pull it up as high as the hoop (2 loops on the hook); then yarn over above the hoop and pull through both loops. The foot of the stitch now lies below the hoop and its top above it, so that the hoop is held inside the stitch. The ch 1 at the start lies in front of the hoop; the sl st at the end goes into the top of the first sc, above the hoop.
- Before Rnd 21 the panel is about ¼ in (0.6 cm) smaller across than the hoop, so that the hoop stretches it flat; draw the panel out evenly as you go.
- The 14 in (36 cm) hoop is for the yarn and gauge above. In another yarn take another hoop, a little smaller across than the size given under GAUGE: about 12 in (30 cm) for fine yarn, 18 in (46 cm) for medium yarn and 23 in (58 cm) for bulky yarn.

- The distances under FINISHING are for the yarn and gauge above; in another yarn make them larger or smaller in the same proportion as the size.
- The same words in another yarn make another size, measured straight across: fine yarn (2) and a 3.25 mm hook, about 12¼ in (31 cm); medium yarn (4) and a 5 mm hook, about 18½ in (47 cm); bulky yarn (5) and a 6.5 mm hook, about 23½ in (60 cm).

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble, dc is treble, tr is double treble and dtr is triple treble.

☐ **End**	Fasten off, leaving a 14 in (36 cm) tail for sewing.	

Finishing

- Block the window after Rnd 20 and before Rnd 21, with its working loop on a safety pin: pin it out to a circle of 13¾ in (35 cm) across, spray it with water and let it dry. When the quatrefoils are made, pin them out in the same way, each 2 in (5.1 cm) across from the tip of a lobe to the tip of the lobe opposite.
- Lay the window down, right side up, with one of the 24 raised black lines of Rnd 16 pointing straight up. Put a quatrefoil, right side up, on the red field below that line and below every second line from it on the way round: 12 quatrefoils in all. The magic ring of each lies in line with its black line and 3¾ in (9.5 cm) from the magic ring of the window, on the middle of Rnd 11, the third of the five red rounds; the magic rings of two neighbors are 2 in (5.1 cm) apart. Turn each quatrefoil so that the dip between two of its lobes points straight to the middle of the window. With its tail, sew it down all round its edge.
- Hanging loop: with the right side facing, join E with a sl st in the sc of Rnd 21 straight above the quatrefoil at the top, ch 14, sl st in the same sc and fasten off. The loop is 1 1/8 in (2.9 cm) tall.
- Weave in all the ends that are left with the yarn needle.

In all: 13 pieces.
