Striped sock yarn shawlette

Shawlette (lower edge) · US terms

Finished size
About 57½ × 9¾ in (146 × 25 cm)

Skill
Easy
Half double crochet in back loops, increases, eyelets, picots

Yarn
Super fine (1), 2 colors

Hook
4 mm (US G-6)

Gauge
20 stitches and 16 rows to 4 in (10 cm)
In half double crochet in the back loops.

You will need

Yarn A: teal heather, odd stripes **about 275 yd (251 m), an estimate**
Yarn B: warm sand, even stripes **about 300 yd (274 m), an estimate**
Hook: 4 mm (US G-6), or the size that gives you the gauge. Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Special stitches

picot: Ch 3, sl st in 3rd ch from hook. Nothing is worked into the picot, and it uses no stitch of the row below.

Gauge

20 stitches and 16 rows to 4 in (10 cm) in half double crochet in the back loops.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 6 the piece, laid flat and measured from the foundation chain straight down to the last row, is about 1.6 in (4.1 cm). An eyelet row is one and a half times as high as a row of half double crochet. If yours is smaller, use a larger hook; if it is larger, use a smaller one.

Each size in the list is printed in full when it is chosen. To make either of them deeper work one stripe of six rows more, or two, before the picot row, in the colors in turn. In its first row the plain run before the square brackets and the plain run after them are each 6 stitches longer than in the first row of the stripe before it, the plain run inside the brackets is 1 stitch longer, and the brackets are still worked 24 times. Its rows 2, 3 and 4 have one long plain run each, all the stitches of the row below but the first and the last. In its eyelet row and in the row after it the square brackets are worked 18 times more than in the stripe before it. A stripe has 36 stitches more at its end than the stripe before it, a ch 1 counted as a stitch, and adds about 1.6 in (4.1 cm) to the depth. For a longer neck edge begin with 24 ch more, about 4.8 in (12.2 cm): row 1 has 24 hdc more, every plain run inside the brackets of a first row is 1 stitch longer (the runs before and after the brackets stay as they are), every long plain run is 24 stitches longer, and the brackets of the eyelet rows and of the rows after them are worked 12 times more. The picot row goes in the color of the next stripe and may be worked over any number of stitches: single crochet in every stitch, with a picot after every third one; end with 1 sc at least after the last picot. A longer or deeper shawlette takes more yarn of both colors.

Before you start

- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- A ch 1 or a ch 2 at the start of a row does not count as a stitch.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- To change color, work the last stitch of the old color until three loops are left on the hook and draw the new color through them. Cut the old color, leaving a tail of about 6 in (15.2 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.
- In row 1 the 2 skipped chains do not count as a stitch.
- "BLO of" a stitch means its back loop only: the one of the two top loops that is farther from you as you work. Where "BLO" is not said, a stitch goes under both loops. "2 hdc in BLO of next st" is both stitches in that one back loop, an increase.
- An eyelet is a ch 1 over a skipped stitch; the row after it has a stitch in every ch-1 sp.
- About 19.6 in (49.8 cm) along the neck edge, which is the foundation chain, about 57.6 in (146.3 cm) along the curved lower edge and about 9.8 in (24.9 cm) deep in the middle. Each slanted end, from the neck edge to the tip, is about 12.1 in (30.7 cm). The width in the list of sizes is the lower edge. The picot row is left out of these figures.
- 36 rows in 6 stripes of 6 rows, and a picot row. In every stripe the first 4 rows are ridge rows, the fifth is an eyelet row and the sixth fills the eyelets. Yarn A: rows 1 to 6, 13 to 18, 25 to 30. Yarn B: rows 7 to 12, 19 to 24, 31 to 36. The picot row, row 37, is in yarn A.
- The first row of every stripe after the first (rows 7, 13, 19, 25 and 31) has 24 increases spread along it, which make the shawlette curve. Every row from row 2 to row 36 also has 1 stitch more at each end than the row before it, so the ends slant out to two tips.

Instructions

Chosen: Shawlette (lower edge). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble and dc is treble.

Yarns in order of use: A, teal heather; B, warm sand.
