cl (Cluster): [yo, insert hook in the place named, yo and draw up a loop, yo and draw through 2 loops] 3 times, all in the same place, yo and draw through all 4 loops on hook. It leaves 1 cl for the next row.

beg-cl (Beginning cluster): Ch 3, [yo, insert hook in the place named, yo and draw up a loop, yo and draw through 2 loops] twice, all in the same place, yo and draw through all 3 loops on hook. It counts as a cl. It leaves 1 beg-cl for the next row.

Gauge

17 stitches to 4 in (10 cm) in double crochet.

17 double crochet to 4 in (10 cm).

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 4 the piece should measure about 3¾ in (9.5 cm) across, laid flat.

Before you start

- Magic ring: wrap the yarn round two fingers, work the first round into the loop, then pull the tail to close it. Ch 4 joined into a ring with a sl st does as well.
- Every round is worked with the right side facing; do not turn.
- A beginning chain counts as the stitch in brackets after it. A ch 1 at the start of a round does not count as a stitch.
- When the next stitch or space of a kind is named, pass over anything else that comes before it. Work into a space round the chain, not into it.
- The sl sts at the start of a round carry the yarn to where the round begins; they are not counted.
- Join a new color with a sl st in the place named. Fasten off a color only where the round says so; where it does not, the same color goes on into the next round.
