Special stitches

beg-dc2tog (Beginning decrease): Ch 2, dc in next st (counts as dc2tog). The join at the end of the round goes in the top of this dc. It leaves 1 beg-dc2tog for the next row.

beg-dc3tog (Beginning decrease): Ch 2, dc2tog over the next 2 sts (counts as dc3tog). The join at the end of the round goes in the top of this dc2tog, not in the ch 2. It leaves 1 beg-dc3tog for the next row.

picot (Picot): Ch 3, sl st in the 3rd ch from hook. It leaves 1 picot for the next row.

Gauge

14 stitches to 4 in (10 cm) in double crochet.

14 double crochet to 4 in (10 cm).

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 3 the piece should measure about 3½ in (8.5 cm) across, laid flat.

Before you start

- Magic ring: wrap the yarn round two fingers, work the first round into the loop, then pull the tail to close it. Ch 4 joined into a ring with a sl st does as well.
- Every round is worked with the right side facing; do not turn.
- A beginning chain counts as the stitch in brackets after it. A ch 1 at the start of a round does not count as a stitch.
- When the next stitch or space of a kind is named, pass over anything else that comes before it. Work into a space round the chain, not into it.
- The sl sts at the start of a round carry the yarn to where the round begins; they are not counted.
- Join a new color with a sl st in the place named. Fasten off a color only where the round says so; where it does not, the same color goes on into the next round.
- A picot loop is a chain, a picot and a chain between two stitches; it is counted as one.
