Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Colors: change the skin, the hair, the suit and the cape to any colors you like. The hero is worked in the same way.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With C," (or another letter), work the last pull-through of the round before it in C. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 24 and 25 of round 10 (48 sts). It faces the front, round 1 at the top.
- Foot: the center line runs between stitches 7 and 8 of round 3 (14 sts). This piece lies with its center line along the top, round 1 at the front end.
- Hair cap: the center line runs between stitches 24 and 25 of round 12 (48 sts). It faces the front, round 1 at the top.
- Body: the center line runs between stitches 16 and 17 of round 13 (32 sts). It faces the front.
- Right and left are as you look at the front of the doll. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in F (black).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): about 6 in (15 cm) tall; eyes 6 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): about 11¾ in (30 cm) tall; eyes 11 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 15 in (38 cm) tall; eyes 15 mm; multiply lengths by 1.8; about 1.8 times the yarn.

Assembly

Body: 7 star

Head: a eyes, b cheeks

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. (Done already, after round 20 of the head, while the head was open.) Lay the mask across the front of the head, right side out, row 1 the lower edge: the foundation chain lies along round 15 of the head and the top of the last row along round 10, the middle of the mask on the center line. Sew it down all the way round its edge with its tail. The ends of the longest row lie about 12 stitches from the center line.

2. Set the head on the open edge of the body (18 sts), center lines in line: the edge lies on round 21 of the head (18 sts). With the tail of the body, sew every stitch of the edge to the head, and top up the stuffing in the neck before the last stitches so that the head does not wobble.

3. Sew the two legs under the base of the body: the middle of each open edge (14 sts) lies on round 3 of the body, one at each side, half way between the center line and the line opposite it. The two edges come within a stitch of each other in the middle of the base, and each reaches out to about round 5. The legs point straight down. Use the tails, adding a little stuffing before the last few stitches, and sew the tops of the two legs together where they touch.

4. Sew the two feet under the legs, one to each. Round 1 of the foot is the toe and looks to the front, turned a little to the outside; its center line looks up. Set the closed end of the leg on the center line of the foot, the middle of round 1 of the leg over round 7 of the foot. With a new length of marigold, sew round 3 of the leg (14 sts) to the foot where the two touch, going round twice.

5. Sew one arm, by its open edge (12 sts), to the right side of the body: the middle of the edge lies on round 17, 6½ stitches from the center line. It points out to the side, then curves up, so that the fist is raised to the side of the head, clear of it, about level with the mask. Sew it on all the way round with its tail, and hold the curve with a few running stitches along its upper side, drawn up a little.

6. Sew one arm, by its open edge, to the left side of the body in the same place. It points out to the side, curves down, and then its tip curves forward and in toward the hip. Sew it on in the same way, and hold the curve with a few running stitches along its inner side, drawn up a little.

7. Lay the star flat on the body, right side out, the middle of it on round 13, on the center line, one point up. Sew down all 25 stitches of the edge.

8. Pull the hair cap down over the head, center lines in line and its round 1 about four rounds behind round 1 of the head, until its edge lies on about round 8 of the head in front and on round 15 at the back. Sew the edge (48 sts) down all the way round.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

9. Pin the five tufts to the front of the hair cap: the flat 4½-stitch edge of each lies along round 8 of the hair cap. The middle of one lies on the center line of the hair cap; the middles of the others lie 3 and 6 stitches from it on each side, so that the edges overlap. The tufts point down and a little to the right: the tip (round 1) of each lies on about round 10 of the head (round 11 for the one farthest to the right), just past the edge of the hair cap, about 3 stitches farther to the right than the middle of its edge. Sew them on from left to right, each edge through both layers with its tail, then catch both long sides and the tip of each down with small stitches.

10. Clasp of the cape: the foundation chain of the cape is its neck edge. Lay the cape with its right side up and the neck edge at the top. Lay the clasp on it, right side up, the middle of the clasp on the outermost stitch at the left end of row 1. Sew it down through its middle only, like a button: with its tail, brought to the middle, take six stitches through round 1 of the clasp and the stitch of the cape under it, and wind the rest of the tail twice round these stitches, between the clasp and the cape. Round 2 of the clasp is not sewn anywhere, so that the loop can go in behind it all the way round. At the right end of the neck edge join teal with a slip stitch in the outermost chain, chain 8, and slip stitch in the same chain: this is the loop. Fasten off and weave in the ends.

11. To put the cape on, lay it round the back of the neck, right side out, the neck edge under the chin, bring its two upper corners forward over the shoulders until they come close together under the chin, and slip the loop over the clasp, so that it lies round the stitches behind it. The rest hangs down behind the arms. It comes off again the same way.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 8 mm black plastic eyes, each through the mask and the head under it, on the head between rounds 12 and 13, one to each side, 4 stitches from the center line (8 stitches apart).
- Cheeks: with G (rose), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the head between rounds 16 and 17, one to each side, 5½ stitches from the center line (11 stitches apart).
- Mouth: with F (black), in backstitch, a smile, one curve about 9/16 in (14 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the head on round 17, one to each side of the center line.
