Special stitches

shell: (2 dc, ch 2, 2 dc) in the place named. Anything worked in a shell goes in its ch-2 sp. It leaves 1 shell for the next row.

picot: Ch 3, sl st in the 3rd ch from hook.

Gauge

22 stitches to 4 in (10 cm) in double crochet.

About 8 rows of the treble mesh (tr, ch 2, passing over 2 chs) to 4 in (10 cm), and 8 meshes across. After row 8 the neck edge measures about 11 in (28 cm) from corner to corner. If yours is larger, use a smaller hook; if it is smaller, use a larger hook. The hook is large for the thread on purpose: the mesh is meant to be open and soft.

Before you start

- Magic ring: wrap the yarn round two fingers, work the first round into the loop, then pull the tail to close it. Ch 4 joined into a ring with a sl st does as well.
- A ch 1 at the start of a row or round does not count as a stitch.
- When the next stitch or space of a kind is named, pass over anything else that comes before it. Work into a space round the chain, not into it.
- Join a new color with a sl st in the place named. Fasten off a color only where the round says so; where it does not, the same color goes on into the next round.
- The shawl begins at the middle of the neck edge and grows downward. Every row goes from one end of the neck edge down to the center spine, through it, and up to the other end. The right side of row 1 is the right side of the shawl.
- Turn after every row. A beginning ch-6 counts as a tr and a ch-2 sp, a beginning ch-4 as a dc and a ch-1 sp; it stands on the last stitch of the row below, and "in same st" is that stitch. The last tr of a mesh row goes in the 4th ch of the beginning ch-6 of the row below, the last dc of a border row and of the first rose row in the 3rd ch of the beginning ch-4; the last sc of the shawl in the top of the beginning ch-3; in the first row of the pineapple border (row 35 of Standard, row 48 of Large) the row below is a mesh row, so there the last (dc, ch 1, dc) goes in the 4th ch of its beginning ch-6.
- Every fifth row of the wings is a close row of tr: 5, 10, 15 and so on to 30 (Large: to 45). The row after it is a mesh row again: "sk next 2 tr" passes over the 2 tr that were worked in a ch-2 sp, so that each tr stands on a tr that was itself worked in a tr.
- The ch-3 sp of the spine is the only ch-3 sp of a mesh row. In the border the ch-3 loops of the pineapples come first: at the spine the next ch-3 sp, after the last mesh of the wing, is that of the spine.
- Where a row says "shell in next shell" pass over all the stitches and chains before it. In the border "sk next 2 dc" passes over the last 2 dc of a shell of the row below, so that the next dc is one that stands alone. "Sk next dc" at the end of a row of pineapples comes in row 42 (Large: row 55): there it passes over the second dc of the (dc, ch 1, dc) of the row below, whose ch-1 sp holds the new shell. In the last ivory row (row 46; Large: row 59) it passes over the 3rd dc of a shell, so that the next dc goes in the 4th.
- In the first rose row (row 47; Large: row 60) "next st" is the dc or the dtr on the far side of the ch-2 sp.
- In the corners of the border, beside the spine and at the two ends of the neck edge, a leaf of close dc grows among the small ch-1 meshes. "Dc in next ch-1 sp, dc in next dc" fills a mesh; over filled meshes there is a dc in each dc, or "ch 1, sk next dc, dc in next dc", which makes a mesh again.

Instructions

Chosen: Standard. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble, tr is double treble and dtr is triple treble.

Yarns in order of use: A, ivory; B, rose.
