Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up.
- Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With B," (or another letter), work the last pull-through of the round before it in B. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head and bodice: the center line runs between stitches 21 and 22 of round 8 (42 sts). It faces the front, round 1 at the top.
- Right and left are as you look at the front of the doll. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in E (dark brown).
- One size, at the gauge above. The inside of the skirt is a tube about 4½ in (11.5 cm) across and 4½ in (11.5 cm) tall. Measure the roll before you begin: one that is larger than this inside does not go in.

Assembly

Head and bodice: 6 arms, a eyes, b cheeks

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Slip the bottom ruffle over the skirt from the closed end, its last round first and its right side out, until its chain edge lies on round 28 of the skirt (72 sts) and its last round looks toward the open edge. With a new length of white, sew the 72 chains on all the way round.

2. Slip on the middle ruffle in the same way, its chain edge on round 19 of the skirt (72 sts), and sew down its 72 chains with a new length of mint.

3. Lay the top ruffle on the flat top of the skirt, right side up, its last round outward: its chain edge lies on round 9 of the skirt (54 sts). Sew down its 54 chains with a new length of white. The ruffle falls over the edge of the top.

4. Slip the waist frill, its chain edge first and its right side out, over the open edge of the head and bodice and up, until its chain edge lies on round 28 of the head and bodice (24 sts). With a new length of white, sew the 24 chains on all the way round. Its last round looks down, toward the open edge.

5. Set the open edge of the head and bodice (24 sts) on the middle of the top of the skirt: the edge lies on round 4 of the skirt (24 sts). Turn the waist frill up out of the way and sew all the way round with the tail, stitch to stitch, topping up the stuffing before the last stitches. Turn the frill down again.

6. Pin the two arms to the head and bodice: the middle of each open edge lies on round 21, one to each side, 5 stitches from the center line (10 stitches apart). The edge (10 sts) covers about rounds 19 to 23 of the head and bodice. They point out to the side and down, then curve forward and in, so that the hands lie in front of the waist. Bend each as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with the tail.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

7. Pull the hair cap down over the head, its round 1 about four rounds behind round 1 of the head and bodice, until its edge lies on about round 7 of the head and bodice in front and on about round 15 at the back. Sew the edge (42 sts) down all the way round.

8. Lay the two front locks on the hair, one to each side of the middle of the front: the flat 4-stitch edge of each runs from front to back, close beside the middle, from round 11 (its front end) to round 7 (its back end) of the hair cap, so that the two edges lie side by side like a parting. Let each lock run down along the edge of the hair cap on its own side, so that it covers the edge, until its tip (round 1) lies on round 14 of the head and bodice, 10 stitches from the center line. Sew the flat edges down with the tails, then catch both long sides of each lock to the hair and the head with small stitches.

9. Sew the four ringlets on, two to each side of the head: press the open edge of each flat (4 stitches) and lay it along round 9 of the head and bodice, through the hair cap, right side out, its middle 8½ stitches from the center line for one and 12½ stitches from the center line for the other. Sew each edge through both layers with its tail. The ringlets hang straight down in front of and behind the shoulder. Catch each to the hair or the head beside it on round 15 of the head and bodice with a stitch or two.

10. Set the hat on the hair, tipped a little back, so that the face is clear: round 9 of the hat lies on about round 6 of the head in front and on about round 9 at the back, and the hat leans a little to the right. With a new length of white, sew round 9 of the hat (the second white round, 40 sts) to the hair and the head all the way round. The brim stands free.

11. Flower: lay the five petals in a ring, round 1 of each outward, their flat 2-stitch edges inward, end to end round a gap about ½ in (13 mm) across. Sew each petal to the next where the ends of the flat edges meet.

12. Lay the flower center flat over the gap, right side out, and sew down all 9 stitches of its edge to the petals. Then sew the flower to the front of the hat, its middle on round 8 of the hat, 3 stitches to the left of the middle of the front: sew the flat edges of the petals to the hat from behind with their tails, and catch the two lowest petals to the brim where they rest on it.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 8 mm black plastic eyes, on the head and bodice on round 12, one to each side, 3½ stitches from the center line (7 stitches apart).
- Cheeks: with G (coral), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the head and bodice on round 14, one to each side, 5 stitches from the center line (10 stitches apart).
- Mouth: with E (dark brown), in backstitch, a smile, one curve about 3/8 in (10 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the head and bodice on round 14, one to each side of the center line.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 22 pieces; 7,705 stitches.
