Gauge

13 stitches and 7¼ rows to 4 in (10 cm) in double crochet. Along a row, count every stitch and every chain between stitches as one.

Check it on the afghan itself when 7 rows are done, laid flat and smoothed out: in row 7, all of dc, 13 stitches are about 4 in (10 cm) wide, and rows 2 to 7, four of dc and two of tr, are about 3¾ in (9.5 cm) tall. If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Before you start

- The afghan is worked in one piece from the lower edge up, and the border around it afterward. The right side is the side that faces you in row 1 and in every odd row.
- The ch 3 at the start of a row counts as a dc and the ch 4 as a tr. It stands over the first st of the row below, and nothing more is worked into that st. The last st of the row goes into the top of the ch 3 or ch 4 that began the row below, which is its last ch (in row 2, into the last sc). The ch 1 at the start of the last row does not count as a stitch: its first sc goes into the first st.
- Between two fans stands a wedge with its point up: 7 dc, then 3 tr over the middle three of them, then one tr over the middle one of those. At each edge 5 sts stand straight above one another through every row (the turning chain is one of them). Between these 5 edge sts and the fan beside them stands half a wedge: 3 dc, then one tr, then nothing.
- How one fan goes, over 4 rows. First row (row 2, 8, 14 and so on): 7 dc into the middle one of the 13 sts of the row below that lie between two wedges (or between a wedge and a half wedge), with a ch-3 sp on each side. Second row: one tr into each of the 7 dc, with ch 1 between them and a ch-2 sp on each side. Third row: one tr into each of the 7 tr, with ch 2 between them and no chain before the first or after the last of them. Fourth row: one dc into each of the 7 tr and 2 dc into each of the 6 ch-2 spaces between them, 19 dc, so that all stitches are there again.
- In the fourth row of a fan the first of the "dc in next 2 sts" goes into the last tr of the fan, and the second goes into the next st after it: that is the one tr of the wedge, or, after the last fan of the row, the first of the 5 edge sts; the 4 edge sts that are left take the 3 dc and the dc in the top of the turning ch.
- The sts that are passed over beside a fan are sts of the wedges. In the second row of a fan they are the 2 dc of the wedge, or of the half wedge, that lie nearest to the fan on each side of it; in the third row the one tr of the wedge, or of the half wedge, that lies nearest to the fan on each side.

- "sk next ch-3 sp" and the like: the space is passed over, and nothing goes into it. Where brackets stand inside brackets, work what is in the outer ones in the order in which it stands. When you come to the inner ones, work these as often as the number after them says, then go on with what follows them in the outer ones. All of that together is one time of the outer ones.
- To change yarn at the end of a row, work the last yarn over of the last dc (or sc) with the new yarn. B and C: join each with a tail of about 6 in (15 cm) where its 4 rows begin, and cut it after them with a tail of the same length. Do not cut A: it rests at the edge while the 4 rows of B or C are worked, and is brought up loosely along the edge when its turn comes; in round 1 of the border work over these strands, so that they lie hidden inside the sc. After the last row fasten A off; the border is joined anew.
- The border is worked in the round with the right side facing; do not turn between rounds. The ch 1 at the start of a round does not count as a stitch. In round 2 the 3 sc of each corner go into the middle one of the 3 sc of round 1.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a ball runs out, work the last yarn over of a stitch with the new yarn, and leave a tail of about 6 in (15 cm) on both. In the rows do it in the last stitch of a row; in the rounds of the edging any stitch will do.

Instructions

Chosen: Lap. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble, tr is double treble and sk is miss.
