Gauge

23 stitches and 25.3 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2 in (5.1 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- For other skin and hair use any two yarns for A and E.
- Slip stitch: put the hook in the stitch, yarn over, and pull it through the stitch and through the loop on the hook (United Kingdom: slip stitch too).
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With C," (or another letter), work the last pull-through of the round before it in C. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 20 and 21 of round 7 (40 sts). It faces the front, round 1 at the top.
- Skirt and bodice: the center line runs between stitches 39 and 40 of round 13 (78 sts). It faces the front, round 1 at the bottom.
- Hair cap: the center line runs between stitches 27 and 28 of round 10 (54 sts). It faces the front, round 1 at the top.
- Right and left are as you look at the front of the doll. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- No plastic eyes are used: every detail is worked in yarn.
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, card, details) are for Standard, the size written here: for another size multiply them by the number in its line.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Small: fine (2, sport) yarn, 2.5 mm (between B-1 and C-2) hook, 26 sc and 28.6 rounds to 4 in (10 cm): about 8¾ in (22 cm) tall to the top of the feather, 8¼ in (21 cm) to the top of the hat; the base about 3¾ in (9.5 cm) across; multiply lengths by 0.88; about 0.88 times the yarn.
- Large: medium (4, worsted) yarn, 3.5 mm (E-4) hook, 20 sc and 22 rounds to 4 in (10 cm): about 11½ in (29 cm) tall to the top of the feather, 10¾ in (27.5 cm) to the top of the hat; the base about 5 in (12.5 cm) across; multiply lengths by 1.15; about 1.15 times the yarn.

Assembly

Skirt and bodice: 7 cameo, 8 arms

Head: a eyes, b cheeks

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Slip the collar frill, right side out, its chain edge first, down over the open neck of the skirt and bodice until its chain edge lies on round 56 (13 sts) and its last round stands up and out. With a new length of D (cream), sew the 13 chains to the 13 stitches of that round, chain to stitch.

2. Set the open edge of the head (13 sts) on the open edge of the skirt and bodice (13 sts), and turn the head a little: its center line lies 1 stitch to the left of the center line of the skirt and bodice. Sew all the way round with the tail of the skirt and bodice (cream), stitch to stitch, pushing stuffing hard into the neck before the last stitches.

3. Pull the hair cap over the head, center lines in line, the middle of its round 1 at the back, on round 4 of the head, on the line opposite the center line. Its edge (round 13) lies on round 8 on the center line in front, on round 9 at 3 stitches, on round 11 at 7½ stitches and on round 12 at 10 stitches from the center line on each side, and on round 16 at the back. Pin it, easing it evenly, and sew all 48 stitches of the edge down. Before you close it, push a thin layer of stuffing in all round, so that the hair stands up softly from the head.

4. Set the open edge of the hair bun (12 sts) on the hair cap, all the way round on its round 2 (12 sts), and sew it on, stitch to stitch, with its tail. It points up and back.

5. Set the hat on the hair cap in front of the bun, tipped forward: the middle of the hat is over round 7 of the hair cap, on its center line. Round 6 of the hat (the burgundy band, 24 sts) is a ring about as wide as 8 rounds of the cap: it lies on round 11 of the cap in front and on round 3 behind, close to the bun, and on about round 8 at the two sides, 5 stitches from its center line. Push a little stuffing into the crown. With a new length of C (burgundy), sew round 6 to the hair cap all the way round. The brim, rounds 7 to 10, stays free; behind, it stands up against the bun.

6. Sew the flat edge of the feather (3 stitches, through both layers) to round 6 of the hat, at the right-hand side, with its tail. The feather stands up and out to the right, then curves back, its tip pointing back and a little down. Hold the curve with a few running stitches along its hollow side, drawn up a little.

7. Lay the cameo flat on the skirt and bodice, right side out, its middle on round 53, on the center line. Sew down all 12 stitches of the edge.

8. Pin the two arms to the skirt and bodice: the middle of each open edge lies on round 52, one to each side, 6 stitches from the center line (12 stitches apart). The edge (9 sts) covers about rounds 51 to 53 of the skirt and bodice. The right arm points out to the side and down as far as round 13, the lower end of the puff; there it bends and hangs almost straight down, its hand a little forward, clear of the skirt: hold the bend with running stitches of D (cream) along the underside of the arm, from round 15 to round 11, drawn up until it stays. The left arm points out to the side and down as far as the elbow (round 11), then bends forward, so that the hand is held out in front: hold the bend in the same way along the front of the arm, from round 13 to round 9. Sew all the way round each with its tail.

9. Handle of the bag: with D (cream), join with a slip stitch in any stitch of the last round of the bag, chain 13, slip stitch in the stitch of the last round half way round from there (the eighth stitch after the first), and fasten off. Hang the handle over the hand of the left arm and sew the middle of the chain to round 2 of the arm with one stitch.

10. Lay the front drape round the front of the skirt, right side out, its foundation chain along round 44 of the skirt and bodice (the first burgundy round of the waist): the middle of the chain is on the center line, its two ends are 8 stitches from the center line, one on each side. With a new length of C (burgundy), sew the foundation chain down, easing in its fullness. Pin the two lower corners, the ends of row 11, to round 34 of the skirt, 15 stitches from the center line, one on each side. Each side of the drape (about 2½ in, 6.5 cm) is longer than the line from its upper to its lower corner (about 1½ in, 4 cm): ease it in evenly, about one row to a round, and sew it to the skirt. Leave row 12 and the lower edge between the corners free.

11. Sew the bustle to the back of the skirt by its open edge (24 sts): the middle of the edge lies on round 40 of the skirt and bodice, on the line opposite the center line. The edge covers rounds 36 to 44 and reaches 4 stitches to each side of that line. It points back and a little down. Sew all the way round with the tail, adding stuffing before the last stitches.

12. Lay the foundation chain of the train (14 ch) across the back of the skirt just under the bustle, along round 33 of the skirt and bodice, its right side out: its middle on the line opposite the center line, its two ends 6 stitches from that line, one on each side. With a new length of C (burgundy), sew the foundation chain to the skirt, easing in its fullness, and catch row 3 to the underside of the bustle. The rest hangs free down the back of the skirt, and the last rows lie on the table behind it.

13. Sew the bow by its middle to the top of the bustle, above its center, on round 11 of the bustle, so that its loops point to the two sides.

Finishing

- Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand on the wrong side of a flat piece, inside a stuffed one. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Cameo: with D (cream), in satin stitch, an oval about 3/16 in (5 mm) wide and ¼ in (6 mm) tall, upright, in the middle of the cameo.
- Eyes: with F (dark brown), in satin stitch, an oval about 3/16 in (5 mm) wide and 3/16 in (5 mm) tall, its middle on the head on round 11, one to each side, 3 stitches from the center line (6 stitches apart).
- Cheeks: with G (rose), in satin stitch, an oval about 3/16 in (5 mm) wide and 1/8 in (3 mm) tall, its middle on the head on round 13, one to each side, 4½ stitches from the center line (9 stitches apart).
- Mouth: with C (burgundy), in backstitch, a smile, one curve about ¼ in (6 mm) wide that dips 1/16 in (2 mm) below its ends. Its two ends are on the head on round 13, one to each side of the center line.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 15 pieces; 6,076 stitches.
