Easy sea turtle from above

Sized for a 6 inch hoop (15 cm). The stitched design is about 4.9 × 4.9 in (12.4 × 12.4 cm).

Which color goes where: by number on page 2.
Fabric: pale blue cotton or linen.

Three ways to transfer the pattern

1. **Fabric you can see through**
   Tape page 3 to a sunny window or lay it on a light box, tape the fabric over it and trace the lines with a sharp pencil or a water-soluble pen.
2. **Fabric you cannot see through**
   Lay dressmaker's carbon paper colored side down on the fabric with page 3 on top, tape the layers and trace the lines firmly with a ballpoint pen.
3. **Iron-on: the lines stay**
   Go over the lines of page 4, the mirrored page, with an iron-on transfer pen, lay it ink side down on the fabric and press with a dry iron, as the pen's packet says.

Pages 3 and 4 are the pattern at actual size. Print them at 100% with scaling turned off. Then put the fabric in the hoop: inner ring under, drawing up, tight as a drum.

What you need

Easy. A 6 inch (15 cm) hoop, and a 9 inch (23 cm) square of plain cotton or linen, in pale blue. Embroidery needle: size 7 for 2 or 3 strands, size 3 for 4 to 6 (a lower number is a thicker needle). Skeins: one of each color is enough. An estimate for the 6 inch hoop, from the length of each line and the area of each filled shape, with a fifth added for tails.

How to read it

Floss is six strands. Cut 18 inches (45 cm), pull out the number given one at a time, and lay them together.

Inside a filled shape start with two or three tiny stitches, which the filling covers. Start a line with a small knot on the back. End each thread by running the needle under the backs of a few stitches.

Each small ring is one French knot.

A number on the picture is a color of the list of floss on page 1. The fine lines on the colors show which way the stitches lie.
