- DMC 414 Dark Steel Gray**
Engines and caps of the propellers

Stitches

- **Chain stitch**, 2 or 3 strands
Outlines of the clouds
- **Stem stitch**, 2 or 3 strands
Outlines of the wings, tailplane outline, body outline
- **Satin stitch**, 2 strands
Wing stripes, engines, red band on each engine, propellers, caps of the propellers, tail stripes, nose, cockpit glass, body stripe

Three ways to transfer the pattern

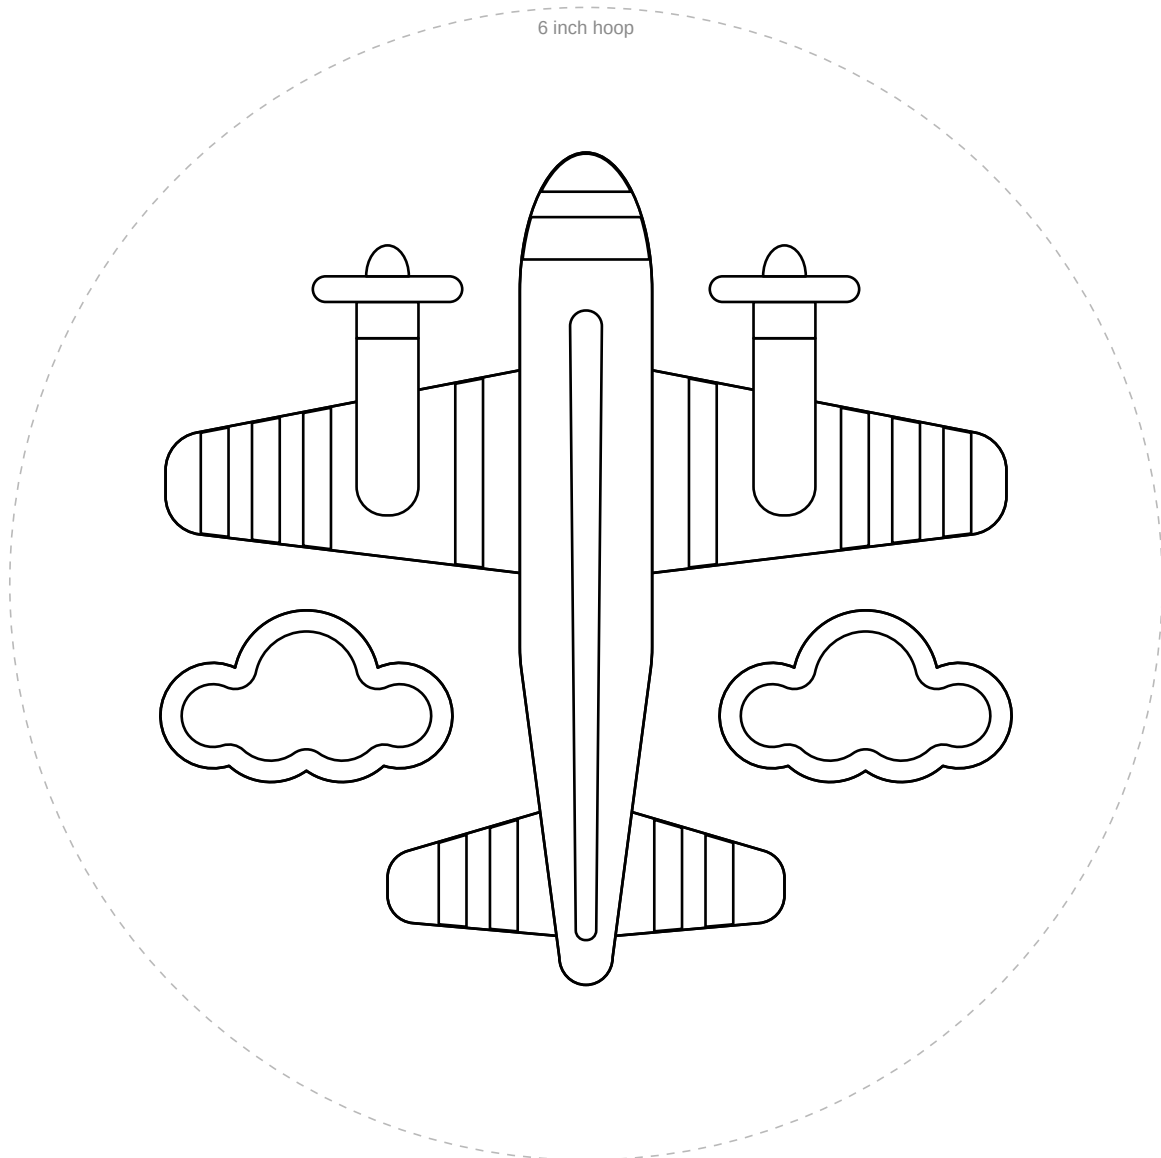

- 1. Fabric you can see through**
Tape page 2 to a sunny window or lay it on a light box, tape the fabric over it and trace the lines with a sharp pencil or a water-soluble pen.
- 2. Fabric you cannot see through**
Lay dressmaker's carbon paper colored side down on the fabric with page 2 on top, tape the layers and trace the lines firmly with a ballpoint pen.
- 3. Iron-on**
Go over the lines of page 3, the mirrored page, with an iron-on transfer pen, lay it ink side down on the fabric and press with a dry iron.

Pages 2 and 3 are the pattern at actual size. Print them at 100% with scaling turned off.

Airplane seen from above

6 inch hoop

Print at 100% (actual size). Do not scale or fit to page. Check the square below with a ruler before you trace.

**1 in**

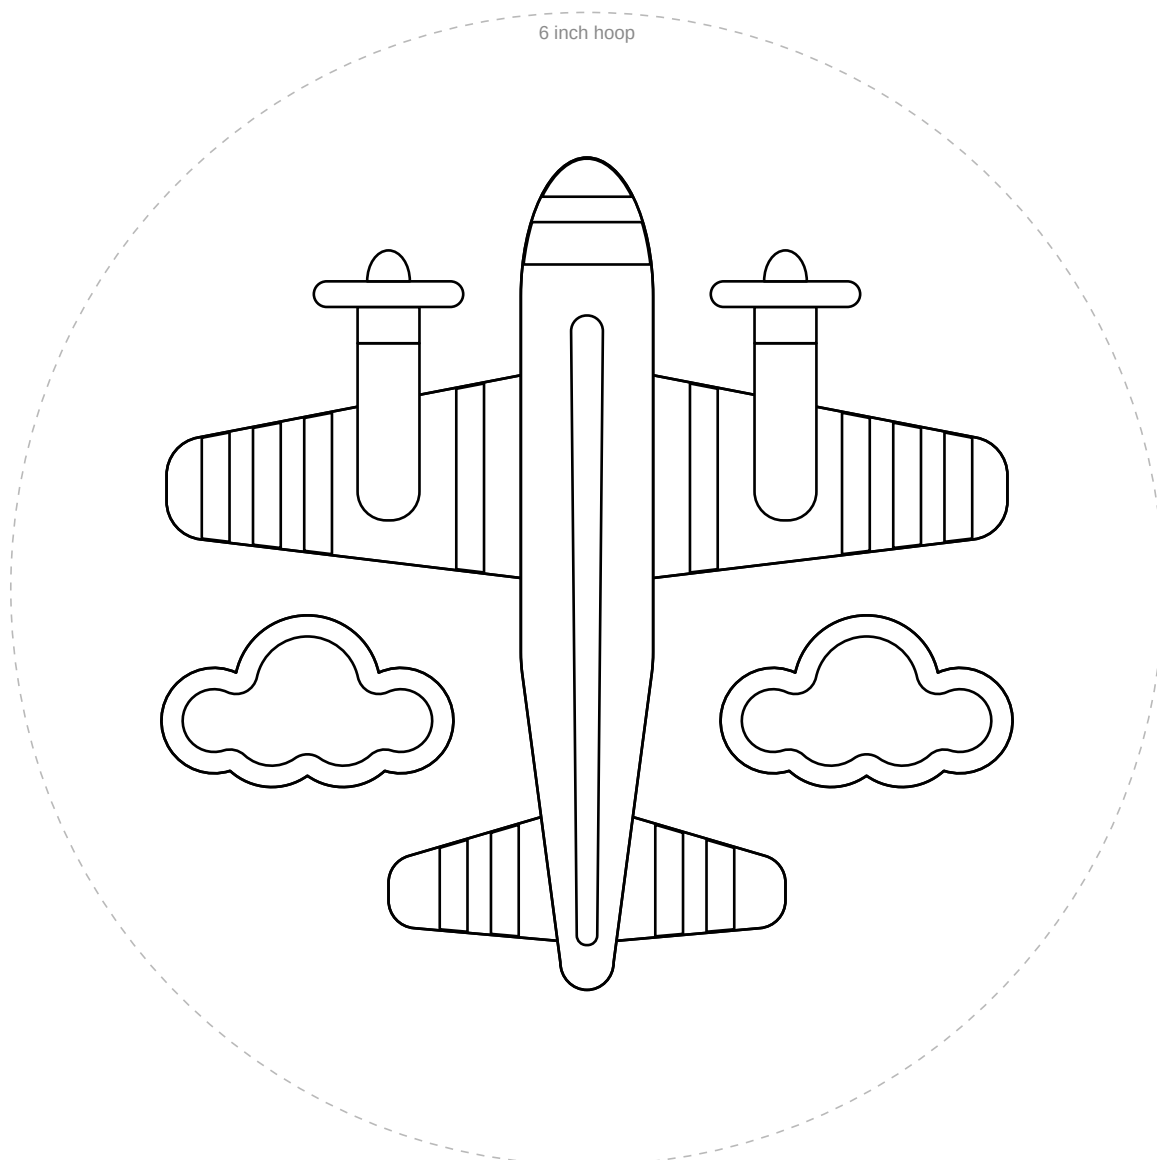

25.4 mm

Check square: 1 inch (25.4 mm) on each side.
If it measures anything else, print again at 100% with scaling off.

Airplane seen from above

6 inch hoop

Mirrored. Trace this page with an iron-on transfer pen or pencil, then press it ink side down on the fabric.

**1 in**

25.4 mm

Check square: 1 inch (25.4 mm) on each side.

If it measures anything else, print again at 100% with scaling off.
