How to read it

Floss is six strands. Cut 18 inches (45 cm), pull out the number given one at a time, and lay them together.

Begin with no knot on the back where it is seen and washed, as on a towel, a napkin or clothes; for a piece in a hoop a small knot is fine. End each thread by whipping it around the backs of four or five stitches, with one small hitch.

Three ways to transfer the pattern

1. **Fabric you can see through**
   Tape page 2 to a sunny window or lay it on a light box, tape the fabric over it and trace the lines with a sharp pencil or a water-soluble pen.
2. **Fabric you cannot see through**
   Lay dressmaker's carbon paper colored side down on the fabric with page 2 on top, tape the layers and trace the lines firmly with a ballpoint pen.
3. **Iron-on: the lines stay**
   Go over the lines of page 3, the mirrored page, with an iron-on transfer pen, lay it ink side down on the fabric and press with a dry iron, as the pen's packet says.

Pages 2 and 3 are the pattern at actual size. Print them at 100% with scaling turned off. Then put the fabric in the hoop: inner ring under, drawing up, tight as a drum.

What you need

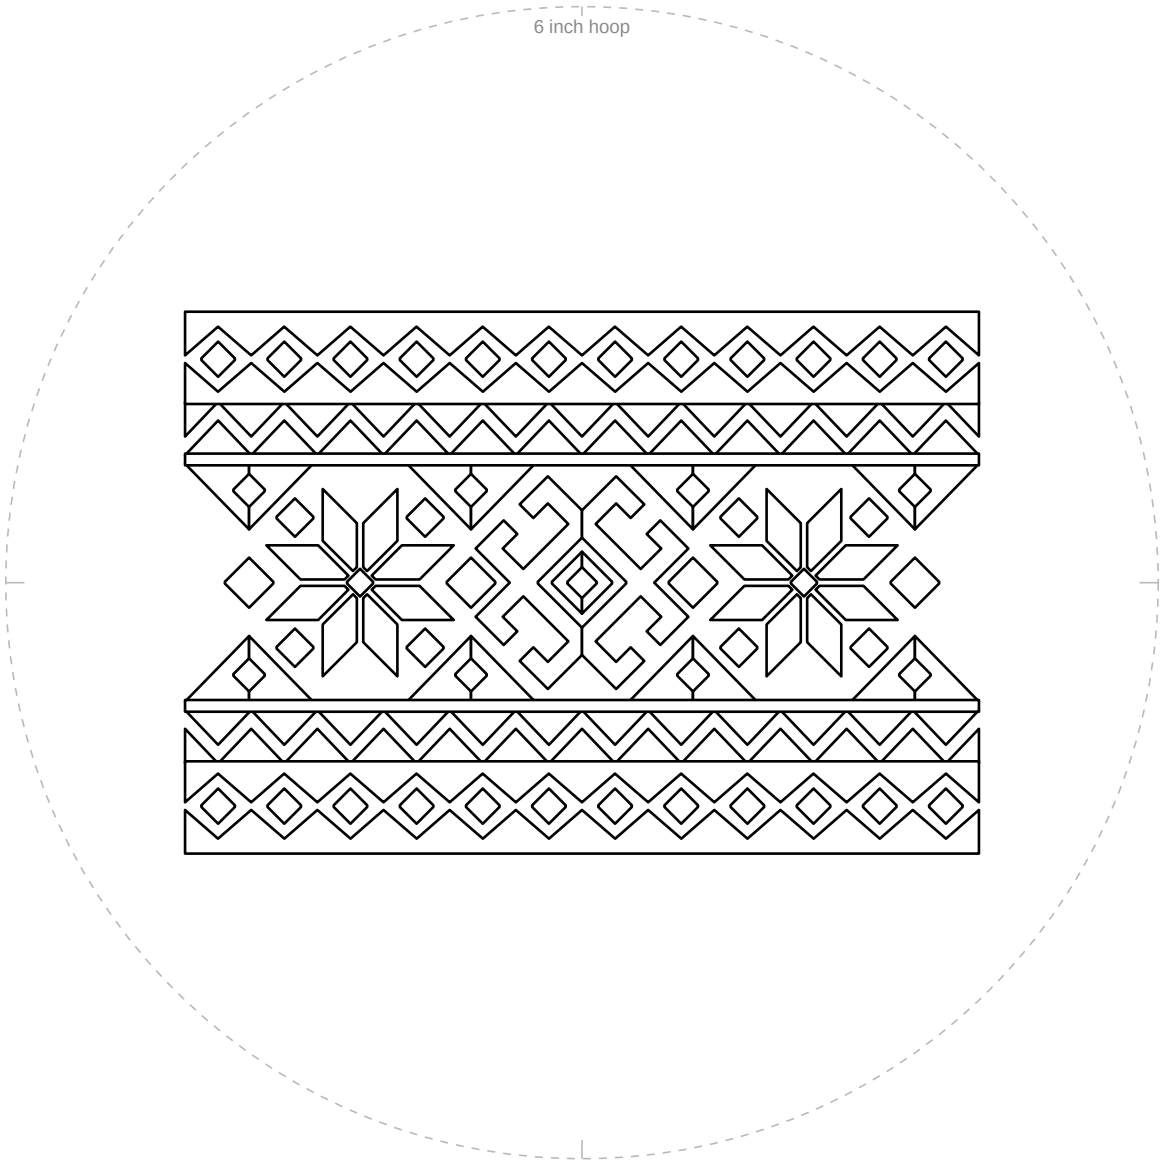

Intermediate. A 6 inch (15 cm) hoop, and a 9 inch (23 cm) square of plain cotton or linen, white or another light color. Embroidery needle: size 7. Skeins: one of each color is enough. An estimate for the 6 inch hoop, from the length of each line and the area of each filled shape, with a fifth added for tails.
