How to read it

Floss has six strands: cut 18 inches (45 cm), pull out the number named one at a time, and lay them together.

The back is seen: no knots. Start with tiny stitches; end around the backs of four or five stitches.

Every stitch in pictures: flossfield.com/embroidery/stitches.

New to this: flossfield.com/embroidery/guides/how-to-start.

Onto the fabric

Fabric you can see through: page 3 taped to a sunny window, the fabric over it; trace.

Other fabric: dressmaker's carbon paper, colored side down, page 3 on top; trace with a ballpoint.

Iron-on pen: go over page 4, the mirrored page, and press it ink side down as the pen's packet says. The lines stay.

Then hoop it, inner ring under, tight as a drum.

Buy: 18 colors of floss (page 2), one skein of each color (an estimate from the drawing's lines and shapes), embroidery needles size 9, and size 5 for 4 strands, a 6 inch (15 cm) hoop, a 9 inch (23 cm) square of white or light cotton or linen, a water-soluble pen.

6 inch hoop

Print at 100% and measure the square. Trace the black lines only. The gray ring is the hoop: fold the fabric in four and lay the folds on its ticks.

On the drawing a ring is one French knot: mark a dot; a broken line inside a shape is where two shades meet: trace it, do not stitch it.
