Z	**DMC 746**	Off White	268	2	1

Each upright stitch covers 4 canvas threads; some are shorter, inside the pattern and along the top and bottom edges. One chart square is one canvas thread, and each outlined bar is one stitch, with its symbol in the middle.

Cut the canvas at least 9 x 9 in (22.9 x 22.9 cm) for 18 mesh: the design and 2 in (5.1 cm) of margin on every side.

8,100 chart squares stitched in all. Start from the center: a red arrow above the chart marks the center column, and one to the left of it the center row. The arrows are on the pages those lines cross.

The chart is divided evenly over 2 pages. Where chart pages join, gray squares repeat two columns. The small picture at the top of each chart page shows which part it is.

Thread: pearl cotton size 5, 1 strand in the needle on 18 mesh, about 12 skeins of 27.3 yd in all. Or six-strand floss, 4 to 6 strands, about 12 skeins of 8.7 yd; or Persian wool, 1 strand, about 12 skeins of 8 yd. Wool is numbered differently: match it by eye. Needle: tapestry, size 22.

Yards and skeins are estimates: the thread a stitch takes on the front and back of 18 mesh canvas, plus 30 percent, rounded up for each color (about 43 yards in all, as the thread lies in the needle).

Thread colors are approximate screen matches to DMC numbers. Check against real thread before you buy.

Fit it into a lid: also have the box or tray, acid-free board and backing. Measure the opening first and add a row or two of tent stitch to sit under its edge. "How to fit it into a lid" is a guide linked from this pattern's page.

For your own stitching, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.
