One chart square is one tent stitch over one canvas intersection.

Cut the canvas at least 7 x 7 in (17.8 x 17.8 cm) for 18 mesh: the design and 2 in (5.1 cm) of margin on every side.

2,916 stitches in all. Start from the center: the red arrows above and to the left of the chart mark it.

Thread: six-strand floss, 4 to 6 strands in the needle on 18 mesh (counted at 6), about 12 skeins of 8.7 yd in all. Or pearl cotton size 5, 1 strand, about 12 skeins of 27.3 yd; or Persian wool, 1 strand, about 12 skeins of 8 yd. Wool is numbered differently: match it by eye. Needle: tapestry, size 22.

Yards and skeins are estimates: the thread a stitch takes on the front and back of 18 mesh canvas, plus 30 percent, rounded up for each color (about 26 yards in all, as the thread lies in the needle).

Thread colors are approximate screen matches to DMC numbers. Check against real thread before you buy.

Fit it into a lid: also have the box or tray, acid-free board and backing. Measure the opening first and add a row or two of background to sit under its edge. "How to fit it into a lid" is a guide linked from this pattern's page.
