White far snow and white near snow
- DMC 3755 Baby Blue**  
Blue near snow

## Stitches

- **Satin stitch**, 2 strands  
Moon, stars, trunks of the pines, pines, far snow, near snow
- **Stem stitch**, 2 or 3 strands  
Ring

In a 6 inch hoop the widest satin stitch shape is 9/16 in (14 mm) across. Satin stitches longer than about 12 mm (just under 1/2 in) tend to work loose: divide the shape into sections, or work it in long and short stitch.

## Three ways to transfer the pattern

### 1. Fabric you can see through

Tape page 2 to a sunny window or lay it on a light box, tape the fabric over it and trace the lines with a sharp pencil or a water-soluble pen.

### 2. Fabric you cannot see through

Lay dressmaker's carbon paper colored side down on the fabric with page 2 on top, tape the layers and trace the lines firmly with a ballpoint pen.

### 3. Iron-on

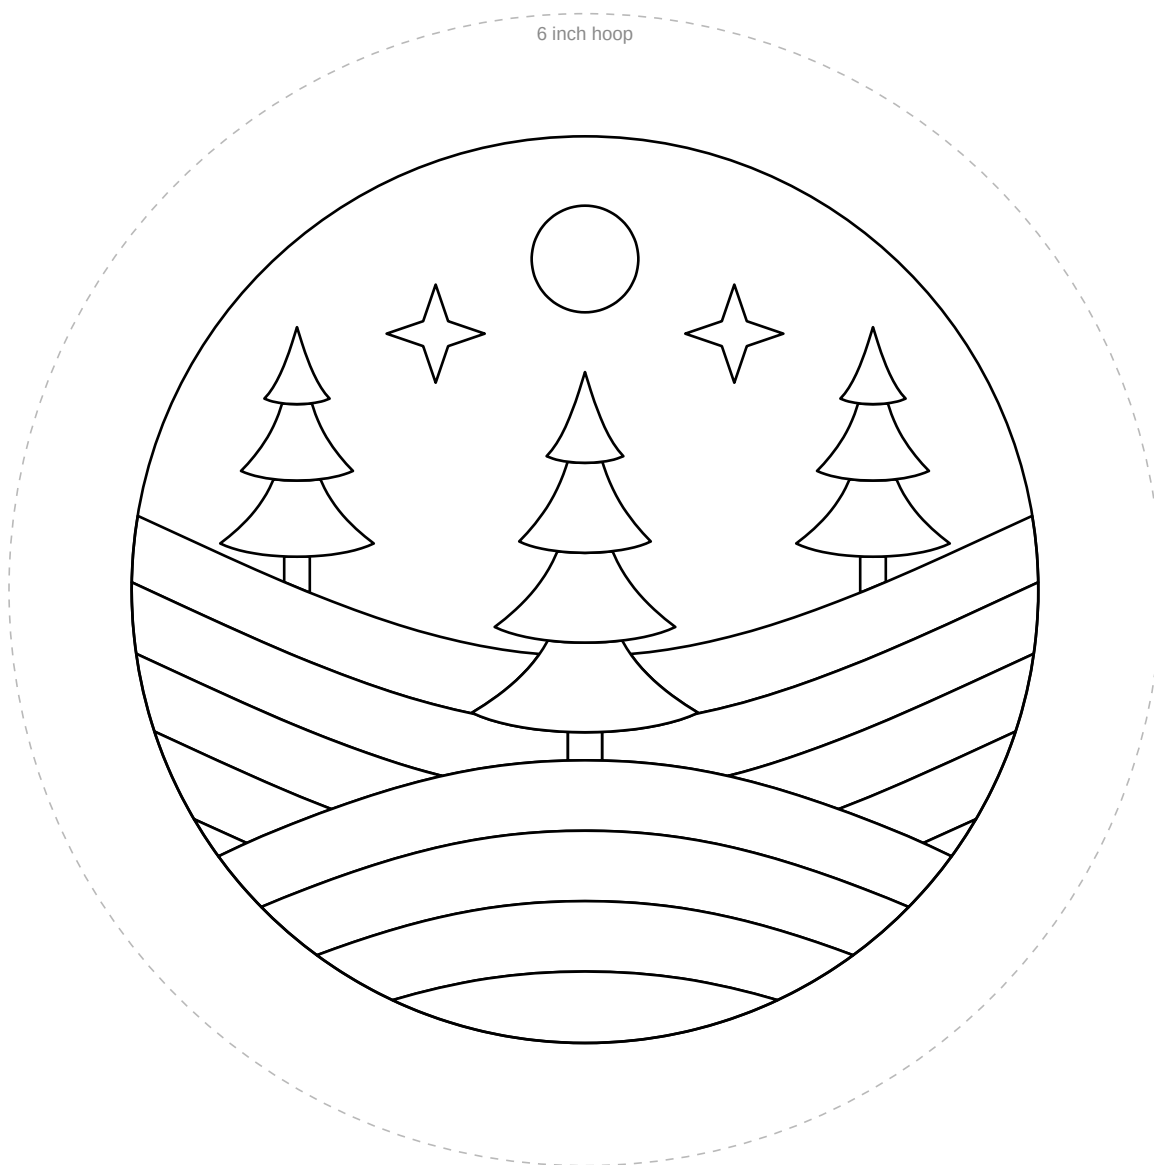

Go over the lines of page 3, the mirrored page, with an iron-on transfer pen, lay it ink side down on the fabric and press with a dry iron.

Pages 2 and 3 are the pattern at actual size. Print them at 100% with scaling turned off.

# Snowy winter pine trees

**6 inch hoop**

Print at 100% (actual size). Do not scale or fit to page. Check the square below with a ruler before you trace.

**1 in**

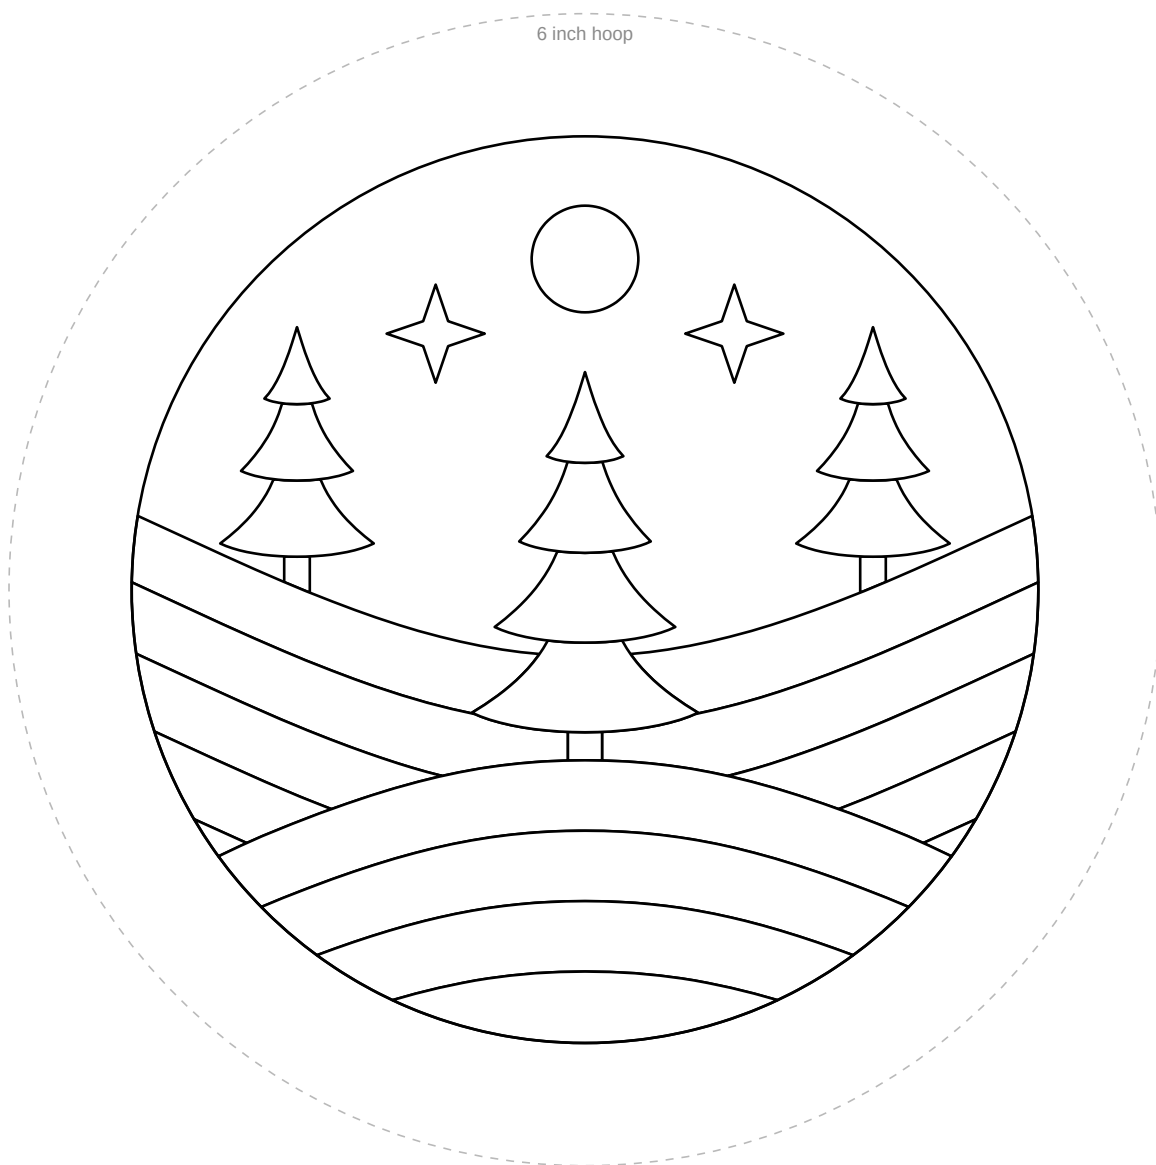

25.4 mm

Check square: 1 inch (25.4 mm) on each side.  
If it measures anything else, print again at 100% with scaling off.

# Snowy winter pine trees

**6 inch hoop**

Mirrored. Trace this page with an iron-on transfer pen or pencil, then press it ink side down on the fabric.

**1 in**

25.4 mm

Check square: 1 inch (25.4 mm) on each side.  
If it measures anything else, print again at 100% with scaling off.
