6 inch (15 cm) hoop, 4.7 × 4.9 in (11.9 × 12.4 cm)

Colors by number: page 2.
Fabric: dark green cotton or linen.

How to read it

Floss has six strands: cut 18 inches (45 cm), pull out the number named one at a time, and lay them together.

Start a filling with tiny stitches, a line with a small knot; end under stitches on the back.

Every stitch in pictures: flossfield.com/embroidery/stitches.

Onto the fabric

Fabric that lets light through: page 3 on a bright light, the fabric over it; trace with a white pencil.

Other fabric: print page 3 on a sticky wash-away sheet, stick it on, stitch through it and rinse it away.

Or white or yellow carbon paper, colored side down, page 3 on top; trace with a ballpoint and go over a faint line with a white pencil.

Then hoop it, inner ring under, tight as a drum.

Buy: 20 colors of floss (page 2), one skein of each color (an estimate from the drawing's lines and shapes), an embroidery needle size 9, a 6 inch (15 cm) hoop, a 9 inch (23 cm) square of dark green cotton or linen, a white pencil.

A number is a color of the list. Fine lines show which way the stitches lie: do not stitch them.

6 inch hoop

Print at 100% and measure the square. Trace the black lines only. The gray ring is the hoop: fold the fabric in four and lay the folds on its ticks.
On the drawing a broken line inside a shape is where two shades meet: trace it, do not stitch it.
