Anchor key fob

Needlepoint pattern | 126 x 22 stitches | 7 x 1.2 in (17.8 x 3.1 cm) on 18 mesh | 2 colors

How to stitch it

1. Each square is one tent stitch: up at 1, down at 2. Work a row right to left, then turn the canvas upside down for the next.
2. Cut 18 in of thread. Start and end it without a knot left behind.
3. Mark the middle of the canvas. It is the outlined square, column 63, row 11 (DMC 823): start there. Count threads, not holes.
4. Go on from it: picture first, background last. End the thread before crossing another color.

What you need

Canvas: blank mono canvas, 18 mesh (18 threads to the inch), cut 11 in wide x 5.5 in high (27.9 x 14 cm).

Needle: blunt tapestry, size 22. Also masking tape for the cut edges, and small scissors.

Thread: six-strand floss, 2 colors, about 3 skeins in all (an estimate). Stitch with 4 strands (5 or 6 if canvas shows).

Make it a key fob: key fob hardware (a clamp as wide as the strip, with its ring) and cotton tape or fabric for the back. The clamp hides the two ends. A finisher may want two extra rows along the two long edges in DMC 823, the color at its edge, which are turned under.

Thread list

			stitches	skeins of floss
●	**DMC 823**	Dark Navy Blue	2,485	2
■	**DMC BLANC**	White	287	1

Skeins are estimates: the thread a stitch takes on the front and back of 18 mesh canvas, plus 30 percent, rounded up for each color.
Thread colors are approximate screen matches to DMC numbers. Check against real thread before you buy.
