Candy cane stripe

Needlepoint pattern | 72 x 72 stitches | 4 x 4 in (10.2 x 10.2 cm) on 18 mesh | 2 colors

How to stitch it

1. Each square is one tent stitch: up at 1, down at 2. Work a row right to left, then turn the canvas upside down for the next.
2. Cut 18 in of thread. Start and end it without a knot left behind.
3. Mark the middle of the canvas. It is the outlined square, column 36, row 36 (DMC 321): start there. Count threads, not holes.
4. Go on from it: figures first, background last. The red bracket is one repeat: it comes again all over.

What you need

Canvas: blank mono canvas, 18 mesh (18 threads to the inch), cut 8 in square (20.3 cm) for what is charted.

Needle: blunt tapestry, size 22. Also masking tape for the cut edges, and small scissors.

Thread: six-strand floss, 2 colors, about 5 skeins for what is charted (an estimate). Stitch with 4 strands (5 or 6 if canvas shows).

Make it a coaster: felt or cork for the back, or a coaster blank with an opening this size. For a blank, measure its opening before you stitch. If the piece is small for it, stitch two extra rows all round, carrying the colors of the edge on.
How to make coasters.

Thread list

		stitches	skeins of floss
DMC 321	Red	3,112	3
DMC BLANC	White	2,072	2

Skeins are estimates: the thread a stitch takes on the front and back of 18 mesh canvas, plus 30 percent, rounded up for each color.
Thread colors are approximate screen matches to DMC numbers. Check against real thread before you buy.
For your own stitching, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.
