▲	DMC 351	Coral	1,344

chart squares stitched

Each upright stitch covers 4 canvas threads; some along the top and bottom edges are shorter, to end at the edge. One chart square is one canvas thread.

The chart shows about 4 repeats across and about 4 down; one repeat is 24 x 24 canvas threads. The pattern can be carried on to any size.

For this sample, cut the canvas at least 9 x 9 in (22.9 x 22.9 cm) for 18 mesh: what is charted and 2 in (5.1 cm) of margin on every side.

8,100 chart squares stitched in this sample. Start from the center: a red arrow above the chart marks the center column, and one to the left of it the center row. The arrows are on the pages those lines cross.

The chart is divided evenly over 2 pages. Where chart pages join, gray squares repeat two columns. The small picture at the top of each chart page shows which part it is.

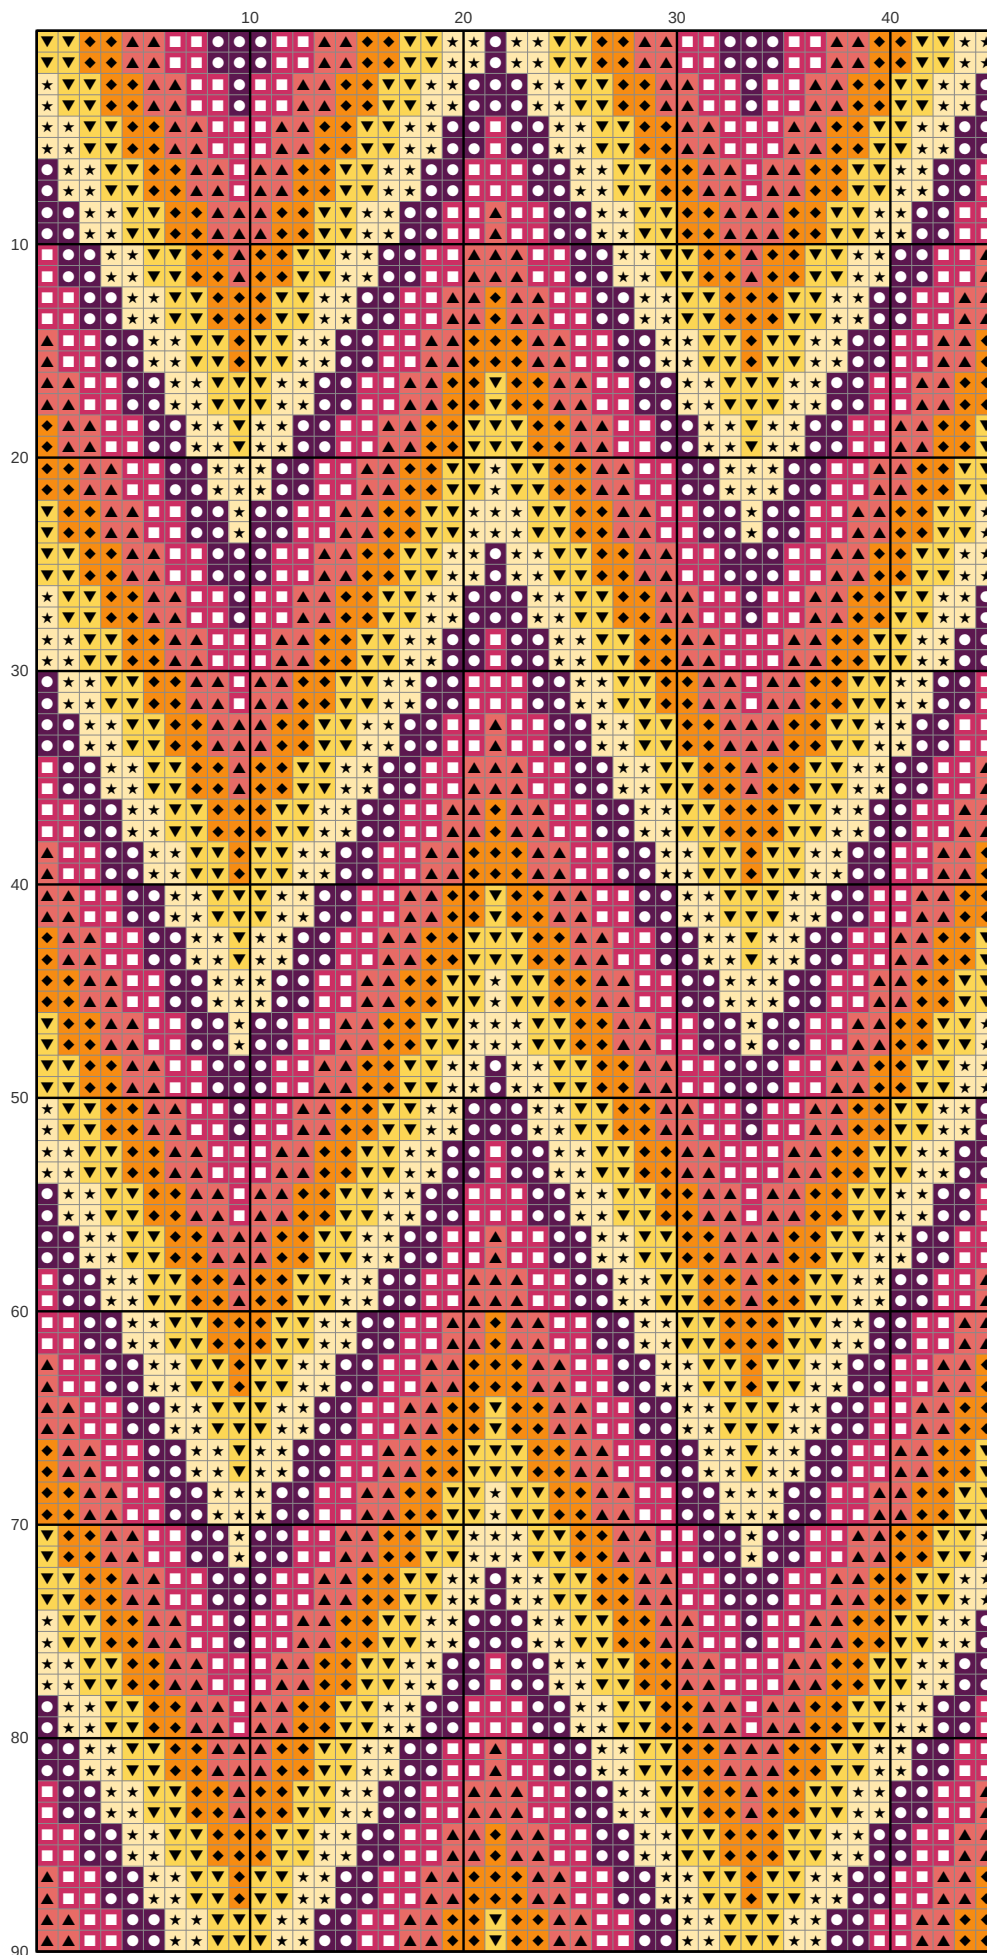

Thread colors are approximate screen matches to DMC numbers. Check against real thread before you buy.

For your own stitching, gifts and handmade pieces you sell. Do not resell or share this PDF.
