Winter lampshade with a leaping hare

Needlepoint pattern | 180 x 100 stitches | 12.9 x 7.1 in (32.7 x 18.1 cm) on 14 mesh | 20 colors

How to read the chart

1. Each square is one tent stitch, up at 1, down at 2: basketweave for the background, continental for lines.
2. Bind the edges. Cut 18 in of thread; start and end it without a knot left behind.
3. Mark the middle of the canvas. It is the outlined square on page 3 (DMC 436): start there. Count threads, not holes.
4. Picture first, then border, background last. Gray squares are on two pages: stitch them once.
5. A heavier line stands every ten squares: count by them.
6. When it is done, block it square.

You will need

Canvas: blank mono canvas, 14 mesh (14 threads to the inch), cut 16.9 x 11.1 in (42.8 x 28.3 cm).

Needle: tapestry, size 20. Also masking tape for the cut edges, and small scissors.

Thread: six-strand floss, 6 strands in the needle (7 if canvas shows), about 33 skeins in all (an estimate).

Put it round a lampshade: a shade to sew it to, or a finisher who covers shades. Measure the shade at its top and its bottom before you stitch the edge. Stitch two extra rows all round, carrying the colors of the edge on: the edge is turned under at them. With those rows, each stitch in the color it lies beside, it takes 3 skeins of DMC 312, not 2.
Planning the finish.

Skeins are estimates: the thread a stitch takes on the front and back of 14 mesh canvas, plus 30 percent, rounded up for each color.
Thread colors are approximate screen matches to DMC numbers. Check against real thread before you buy.
